The **Association for the Study of Nationalities** would like to thank you for your past support, and we invite you to renew your membership for 2022. Your membership enables the ASN community to remain strong and continue its mission to advance scholarship in this important field. ASN is an inclusive scholarly **community** built on intellectual contributions of hundreds of members from all over the world. Our success depends primarily on a large and committed array of volunteer scholars who devote their time, energy, creative ideas, and efforts to push forward our mission.

Beyond access to ASN's flagship journal *Nationalities Papers*, your membership dues:

- ◆ Contribute to programs that recognize and promote exceptional works of scholarship, including work by doctoral students.
- ◆ Provide access to the **ASN Convention** panel recordings and presentations archive.
- ◆ Support **#VirtualASN**, our online initiative that brings together our worldwide ASN community to exchange ideas and engage in critical debates. We organize year-round webinars, reading groups, and workshops. Some of them are accessible only to ASN members.
- ◆ Ensure critical support to other areas of programming and administration of our 501(c)(3) non-profit organization.

ASN membership begins on the date of purchase and continues through December 2022.

Thank you for your contributions to our community!

**On the Cover.** Photo taken by Ana Ljubojević: “Disruptions.” In June 2020, when the archives and libraries in Croatia finally opened after two months of lockdown, I was so overwhelmed that I took this photo in the reading room of the Croatian National Archives (HDA) in Zagreb. Six months later, I saw the decorative lamp beads oscillating and the floor begin to shake. Although the epicenter of the Petrinja earthquake was some 50 km away, it damaged the HDA historical building, leaving the main reading room again closed, this time for reconstruction. Such an unexpected and unlikely event raised many questions, but particularly made me think of the shaky balance between the life and work of researchers these days.
