

The majority of these samples, together with other items of historical interest, have now been catalogued; and all are available for study.

19. Dr E. J. Lindgren has presented examples of Karesuando Lapp clothing and equipment, specially collected for the Institute by Mr Mikel Utsi. This collection, which has been on view since February, comprises a man's winter outfit, skis and ski stick, reindeer harness and *pulk*.

20. Mr T. W. Bagshawe has presented a museum case, which is the more welcome in view of the difficulty of obtaining cabinets.

21. The following additional gifts received for the Museum and equipment collection during the year are gratefully acknowledged:

| | |
|---|--|
| Model ($\frac{1}{4}$ scale) of Nansen type sledge as supplied to Falkland Islands Dependencies Survey | Airwork Joinery, Heston Airport, Hounslow |
| Dog whip as used by Falkland Islands Dependencies Survey, 1945-47 | Surg. Cdr. E. W. Bingham, R. N. |
| Sledge and Nansen cooker used by donor during <i>Terra Nova</i> Expedition, 1910-13 | A. Cherry-Garrard |
| Aluminium snow shovel | Eidg. Institut für Schnee- und Lawinenforschung, Weissfluhjoch |
| Set of windproof clothing | P. E. Fairbairn |
| Polar bear skin | Mrs H. T. Morshead |
| Swedish type string vest (<i>Dyhlénbrynja</i>) | A/B Nordiska Kompaniet, Stockholm |
| Swiss lantern for mountaineers | Dr B. B. Roberts |
| Four plans of <i>Discovery</i> , 1900 | Peter Scott |
| Relics of <i>Terra Nova</i> Expedition, 1910-13 (Capt. R. F. Scott's skis and goggles, set of pyramid tent poles, geological specimen bag taken to South Pole, sleeping bag, china crested hot plate) | Peter Scott |
