Implementation of an asymptomatic bacteriuria assessment protocol for patients discharged from the emergency department – CORRIGENDUM

Margaret R. Hitchins PharmD , Jeannette L. Bouchard PharmD, BCIDP , Christopher W. Ingram MD and Alison I. Orvin PharmD, BCPS, BCIDP

DOI: [10.1017/ash.2023.117](https://doi.org/10.1017/ash.2023.117); first published online by Cambridge University Press: 27 February 2023.

The sentence in the abstract results “There were significantly fewer antibiotic prescriptions for ASB in the postimplementation group (50% vs 87%; $P < .0001$.)” should read “There were significantly fewer antibiotic prescriptions for ASB in the postimplementation group (50% vs 8%; $P < .0001$.)” as stated in the body of the article.

The original article has been updated.
