THE World Peace Foundation is a non-profit organization which was founded in 1910 by Edwin Ginn, the educational publisher, for the purpose of promoting peace, justice and good-will among nations.

For many years the Foundation has sought to increase public understanding of international problems by an objective presentation of the facts of international relations. This purpose is accomplished principally through its publications and by the maintenance of a Reference Collection which furnishes on request information on current international problems.

Recently increased attention has been focused on the field of international affairs with particular emphasis on the field of international organization through the publication of this journal.
