Archaeological Reports is published by the Society for the Promotion of Hellenic Studies and the British School at Athens, for their subscribers. It is now also available to subscribers to the *American Journal of Archaeology* (see back cover) and to members of the Society for the Promotion of Byzantine Studies under similar terms. Members of the public can purchase copies from the Secretary, The Society for the Promotion of Hellenic Studies, 31-34 Gordon Square, London WC1H 0PP, UK.

'Archaeology in Greece', compiled annually by the Director of the British School, is the only account of recent archaeological work in Greece published in English. It is supplemented each year by reports from other parts of the ancient Greek and Byzantine world: South Italy, Sicily, Sardinia, Cyprus, Asia Minor, the Black Sea and North Africa are covered regularly. Dr J.F.G. Hind's report on the Black Sea Area, which was to have appeared this year, will be in the next issue.

The Editor would like to thank the INSTITUTE FOR AEGEAN PREHISTORY, New York, for its generous grant last year towards the cost of publishing Dr M.R. Popham's report on the Toumba Cemetery at Lefkandi - in the great haste with which last year's *AR* had to be prepared for the press, this acknowledgement was unfortunately omitted.

We are once again most indebted to the A.G. LEVENTIS FOUNDATION for financial assistance with the present issue.

Editor: Dr Lyn Rodley, The Society for the Promotion of Hellenic Studies, 31-34 Gordon Square, London WC1H 0PP, UK.
