

## Corrigendum

### Validation of energy requirement equations for estimation of breast milk consumption in infants – Corrigendum

Stefanie Schoen, Wolfgang Sichert-Hellert and Mathilde Kersting

First published online 12 February 2010

doi:10.1017/S1368980009005503 Published by Cambridge University Press, 16 April 2009

On page 2310 in the subsection Statistical analysis,

Equation 3 should read as follows:

$$\text{TEE (kJ/day)} = 388 * \text{weight (kg)} - 635$$
