The New British Constitution

Vernon Bogdanor

The last decade has seen radical changes in the way we are governed. Reforms such as the Human Rights Act and devolution have led to the replacement of one constitutional order by another. This book is the first to describe and analyse Britain's new constitution, asking why it was that the old system, seemingly hallowed by time, came under challenge, and why it is being replaced. The old British constitution was analysed by Bagehot and Dicey. In this book Vernon Bogdanor charts the significance of what is coming to replace it.

Unjust Enrichment and Contract

Tariq A Baloch

'This is an innovative and rigorous book which engages with one of the most difficult areas in the law of unjust enrichment...'

David Ibbetson, Cambridge University

'Dr Baloch has produced the definitive study of the inter-relationship between contract and unjust enrichment.'

Robert H Stevens, University College, London

This book examines the role of unjust enrichment in the contractual context, defined as contracts which are (a) terminated for breach, or (b) subsisting, or (c) unenforceable. It is a particular strength of the book that it is underpinned by detailed and original historical analysis which makes a novel and distinct contribution to the history of the laws of unjust enrichment and contract.

Evidence of Bad Character

J.R. Spencer

New Edition

'It is difficult to see how this complex legislation could be presented or explained more clearly...essential for all criminal practitioners.' *Nigel Pascoe QC, Counsel*
'...a concise, highly portable and valuable little book.'

Benedict Mills, New Law Journal

This is the second edition of John Spencer's now well established book which seeks to explain this complex area of law for the benefit of members of judges, criminal practitioners and academics teaching the law of evidence. This book, now updated to take into account a raft of new cases, offers a thorough analysis of the bad character provisions of the Criminal Justice Act 2003 in the light of the way in which its provisions have been interpreted by the courts.

A Casebook on Contract

Andrew Burrows

New Edition

'... a stimulating and thought-provoking text...It is simply one of the best contract law casebooks.' *The Student Law Journal*

This second, revised, edition offers undergraduate law students the ideal way to discover and understand contract law through reading highlights from the leading cases. It has been brought up to date, incorporating extracts from a number of leading cases decided since 2007. Designed to be used in conjunction with a contract law textbook, it covers the undergraduate contract law course in a series of clearly presented and carefully-structured chapters.
