

objectives with trainers, to record specific experience and acquisition of skills, and document courses attended, research and audit experience, as well as regular feedback on the trainee's progress. This will assist College tutors in reviewing training and provide a focus for supervision discussions between trainee and trainer. It is intended that trainees use it themselves to think about and plan their own training.

The pilot document is being evaluated in NE Thames, Keele, Leeds/Wakefield, Liverpool and Dublin. Regular feedback is to be obtained from trainees and trainers. A number of other schemes have expressed interest in the *Log Book* and are likely to be implementing it and providing informal feedback. Any scheme interested in doing so may freely reproduce the document if they wish for local use but if so notification of that intention is expected, and contribution of informal feedback appreciated.

At the end of the 18-month evaluation period, a report will be submitted to the sponsoring

committee which will continue to establish College policy on the use of log books and decide whether the College approves a specified document for national implementation. Copies of the pilot document are available from Catherine Lightfoot, Postgraduate Education Administrator at the College. Members of the Working Party below may be approached for further discussion.

Dr Annie Hall (CTC Representative), 8 Oval Road, East Croydon CR0 6BG; Dr Sharma, Fazakerley Hospital, Longmoor Lane, Liverpool L9 7AL; Dr Thorley, City General Hospital Psychiatric Unit, Newcastle Road, Stoke-on-Trent ST4 6QG; Dr Bird, Royal Free Hampstead NHS Trust, 61 Belsize Avenue, Hampstead NW3 4BN; Prof. Casey, Dept. of Psychiatry, Mater Hospital, 62/63 Eccles Street, Dublin 7; Dr Bolton, Dept. of Mental Health Sciences, St George's Hospital Medical School, Jenner Wing, Cranmer Terrace, London SW17 0RE; Dr Newby, High Royds Hospital, Menston, Ilkley LS29 6AQ
