

Addendum to 2012 JINS Supplemental Issue 1 – Abstracts presented at the 40th Annual Meeting of INS, Montréal, Québec, Canada, February 15-18, 2012.

The following abstracts were withdrawn from presentation:

Poster Session 1:

- 15. CAHILL, LS Maximising Memory: An Interdisciplinary Pilot Project Of Group Self-Management For Those With Mild Cognitive Impairment
- 38. DÉJOS, M The identification of the four cognitive patterns with a unique virtual tool: a pilot study
- 54. PRESTON, T Neurocognitive Correlates of Prospective Memory in Clinically Referred Children
- 89. RADOMSKI, AD Decision Making with Explicit Rules in Patients with Multiple Sclerosis

Poster Session 2:

- 44. GABAY, Y Dissociation between Online and Offline Learning in Developmental Dyslexia
- 50. BEGUM, F Prevalence of Learning Disability in School Children from Different Educational System in South India
- 51. NATHAN, B A Study on the Awareness and Perception of Learning Disability (LD) among Teachers in Tamil Nadu
- 52. NATHAN, B A Study on the Awareness and Perception of Learning Disability (LD) among Parents
- 56. PINHEIRO CRENITTE, PA Use of Phonological Remediation Program in Developmental Dyslexia
- 61. RIMRODT, S Neurobiological Correlates of Short-Term Memory on an Orthographic Processing Task
- 82. LUCE, KE Differences in Social Functioning as a Function of Gender and Severity in Children with Autism Spectrum Disorder
- 92. SOUTHWICK, JS Verbal Learning and Neurodevelopmental Outcomes in Autism

Poster Session 3:

- 25. CARTER, K An Alternate Form of the Texas Card Sorting Test: A Pilot Study
- 28. DEAN, PM Reconsidering the “what am I wearing and holding?” item on the Mattis Dementia Rating Scale-2
- 77. ERTELT, TW Neuropsychological, Academic Achievement, and Behavioral Differences Between the Child Behavior Checklist Pediatric Bipolar Disorder Profile, Attention-Deficit/Hyperactivity Disorder, and Emotionally Normal Controls
- 91. KRENGEL, M Gulf war illness: A meta-analytic review of cognitive findings

Poster Session 4:

- 13. KARLSON, C Brief Neurocognitive Screening For Pediatric Brain Tumor Patients
- 28. BRIGGS, G Multimodality of Measures Increases the Validity of Studies Examining the Neurophysiology of Pain and Emotions
- 33. FINE-FOSTER, E Deconstructing the Psychological Components of Emotional Decision Making and their Relation to the Suicide Continuum
- 45. KOVEN, NS Selective Attention, Memory, and Alexithymia: Performances on an Emotional Stroop Task and WMS-III Subtests
- 51. STRAND, M Major Depression in Remission and Partial Remission. A Modified Version of the Emotional Stroop Test
- 57. HAMMAR, A Cognitive Functioning in First Episode Depression
- 67. BLAISDELL, J Patterns of Serial Position Recall Effects in a Sample of PTSD Diagnosed Individuals
- 84. LAKIS, N ERP Scalp Topography of Emotional Picture Recognition in Schizophrenia Men and Women

Poster Session 5:

- 5. GALE, SD Mesial Temporal Sclerosis and Congruent Temporal Lobe Epilepsy: Lateralization predicted by RAVLT and BVMT-R
- 12. NAGORSKAYA, I Language Disorders in Children With Symptomatic Epilepsies Associated With Cortical Displasias
- 13. PATEL, SM Revised Scoring Technique Improves the Clinical Utility of the Intracarotid Amobarbital Procedure (Wada)
- 23. CHISHOLM, LZ Development of the Quality of Life – Huntington’s Disease Scale
- 30. ROMERO, C Genetic Risk to Violent Behavior and Brain Volume
- 40. BUTTERFIELD, LC Cognitive predictors of quality of life in Parkinson’s disease

Poster Session 6:

- 34. GRINN, M The Role of Diffusion Tensor Imaging in the Diagnosis of Sub-Acute Mild Traumatic Brain Injury: A Case Report

Poster Session 7:

- 4. ÅRDAL, G Depression and the association between cognitive inhibition and general functioning - a study of patients in remission
- 48. SANDOVAL OCAMPO, CS Relationship of the gene COMT and Executive Function in Children
- 49. SCHMID, MT Executive Functioning in patients with first episode Major Depressive Disorder

Poster Session 8:

- 31. VUOKSIMAA, E Is Sports Participation Related to Cognitive Abilities Among Young Adults?
- 55. FLOREA, O Cortical Localization of Auditory Responses Using Functional Near-Infrared Spectroscopy (fNIRS)

Poster Session 9:

- 5. ANSADO, J Neural implementation of cognitive reserve depends of the task demand in normal aging
- 14. DYKSTRA-AIELLO, CJ Gender and Age Effects on Aerobic Exercise-Induced Reductions in Pain Sensitivity in Sprague-Dawley Rats
- 63. VUOKSIMAA, E Association Between Cognitive Functions and Brain Pathology in Late Middle Age: What is the Role of Cognitive Reserve?
- 78. GRUBB, JR Brief Screening Tools for HIV-Associated Neurocognitive Disorders

Poster Session 10:

- 2. ANSADO, J Interhemispheric coupling can improve the brain’s ability to compensate neural decline related to Alzheimer’s disease in low cognitive demand
- 15. JOHNSON, SC Brain atrophy precedes cognitive change in asymptomatic late middle-aged adults at risk for AD: A four year longitudinal study
- 21. MOGRABI, D Emotional reactivity and awareness of task failure in Alzheimer’s disease
- 70. TIMPANO SPORTIELLO, MR Characterizing Mild Cognitive Impairment Neuropsychological Profile: A Cross-sectional Study
