ORBIS is a quarterly journal of world affairs dedicated to the proposition that it is possible to bridge the gap between academic scholarship and policy relevance. For more than twenty years ORBIS has been publishing perceptive, thought-provoking articles on international relations, whether political, economic or sociocultural. A special feature of each issue, "Reflections on the Quarter," analyzes developments in specific areas of current interest. Also included are review essays on recent books, short notes on publications received, and letters to the Editor.
