ROYAL COLLEGE OF SURGEONS OF ENGLAND

At a meeting of Council, the Final Fellowship in Otolaryngology was awarded to:
White, Jonathon Mark, M.B., B.Ch., Cambridge. 1983.

FACIAL SOFT TISSUE SURGERY COURSE

13 - 15 February 1989

at THE INSTITUTE OF LARYNGOLOGY & OTOLOGY

in association with

The ROYAL NATIONAL THROAT, NOSE & EAR HOSPITAL

Gray's Inn Road, London WC1X 8EE

A three day surgical teaching course in practical otoplasty, mentoplasty, including surgical techniques for excision, and repair of facial lesion, and surgical techniques for the aging face. There is opportunity for dissection and video television facilities.

Course Organiser: Mr T R Bull

Course fee: £345

Applications to:

The Dean's Secretary
Institute of Laryngology and Otolaryngology
330/332 Gray's Inn Road
London WC1X 8EE
Telephone: 01-837 8855 extension 4218

THE TWJ FOUNDATION

The trustees of the TWJ Foundation
invite applications for
AN OTOLOGICAL RESEARCH AND CLINICAL FELLOWSHIP
at
THE COLEMAN LABORATORY, SAN FRANCISCO
IN THE UNIVERSITY OF CALIFORNIA
for
SIX MONTHS DURING 1990

The main emphasis will be on research projects in the Coleman Laboratory under the supervision of Professor Michael Merzenich but the holder will also have the opportunity to observe clinical work in the Department of Otolaryngology as the appointment has the approval of both Dr Boles and Dr Dedo.

Applicants must be Fellows of one of the Royal Colleges of Surgeons and a Senior Registrar in Otolaryngology in an appointment recognized for Higher Surgical Training.

Further details concerning applications should be obtained *now* from:

The Trustees of the TWJ Foundation,
Courtlands, 61 Kingswood Firs,
Grayshott, Hindhead,
Surrey GU26 6ER.

Closing date for formal applications will be
Saturday, 17 December, 1988.

THE NINTH INSTRUCTIONAL COURSE ON
TINNITUS AND ITS MANAGEMENT

to be held at
NOTTINGHAM UNIVERSITY
on 16-19 April, 1989

In association with the Nottingham School of Audiology, the ninth 3-day course of lectures with discussion, video films, and practical session will be held on the causes, scientific background, investigation and management of tinnitus. The course fee (including accommodation for 3 nights, lunches, dinner and a course dinner) will be £195.00. Numbers will be strictly limited to a maximum of 48. The course is suitable for otologists, audiological physicians, scientists, technicians and hearing therapists. It is preferable that when the course is attended by a consultant, he/she be accompanied by an audiological staff member from the same hospital.

Further enquiries and place reservations to:

Mrs J. P. Willoughby,
M.R.C. Institute of Hearing Research,
University of Nottingham,
University Park,
Nottingham NG7 2RD, U.K.

THE VITH WORLD CONGRESS OF BRONCHOSOPHAGOLOGY

It is our great pleasure to announce that the VIth World Congress of Bronchoesophagology is to be held in October 1989 in Tokyo, Japan. The organizing Committee earnestly hopes that many involved in activities related to the field of Bronchoesophagology will participate at the Congress.

Tetsuzo Inoue
Chairman of the Organizing Committee

Sponsored by: Organizing Committee of the VIth World Congress of Bronchoesophagology
The Japan Broncho-esophagological Society
Foundation for Advancement of International Science

Under the Auspices of: International Bronchoesophagological Society

Date: 15–18 October, 1989.

Site: Grand Hill Ichigaya, Tokyo, Japan.

Official language: English.

Scientific Programmes: Symposia · Endoscopy
· Laryngeal tumour
· Laryngotracheal stenosis
· Respiratory defence system
· Dysphagia, its relative problems
· Esophageal cancer
· Laser
· Benign stricture of esophagus

Oral Sessions
Poster Sessions
Video Session

Abstract Submission Deadline: March 1989.

Republic of Singapore.

TEMPORAL BONE SURGICAL DISSECTION COURSE
OFFERED BY
THE DEPARTMENT OF OTOLARYNGOLOGY
THE UNIVERSITY OF MICHIGAN MEDICAL SCHOOL, ANN ARBOR, MICHIGAN

COURSE DIRECTOR: JOHN L. KEMINK, M.D.

1988: 17–21 October: 14–18 November
1989: 24–28 April: 22–26 May: 16–20 October: 13–17 November

Intensive one-week courses emphasize the surgical and anatomical approaches to the temporal bone, and are presented in a manner relevant for the otologic surgeon, utilizing lectures, videotapes, and dissection.

Mornings and afternoons are spent in the dissection laboratory, giving extensive drilling experience in temporal bone anatomy and surgical techniques. All instruments and high-speed handpieces will be provided.

Course fee is: Physicians \$1,000 Residents \$750

For further information write:

John L. Kemink, M.D.,
Box 0312 Taubman Medical Center,
1500 E. Medical Center Drive,
Ann Arbor,
Michigan 48109, U.S.A.

Alexandria,
Egypt

ROYAL COLLEGE OF SURGEONS OF ENGLAND

Report, dated 8 June, 1988,
of the Examiners for the

DIPLOMA IN LARYNGOLOGY AND OTOLOGY

The Examiners for the Diploma in Laryngology and Otolaryngology report to the Council that at the First Part of the Examination held in June 1988, 28 candidates presented themselves of whom 22 passed, and that at the Second Part of the Examination held in June 1988, 20 candidates presented themselves of whom 8 passed. The following 7 candidates, are entitled, subject to the approval of the Council, to the Diploma in Laryngology and Otolaryngology

Aqil, Shakil, M.B., B.S., Karachi.
Campbell, Sheila Rosemary, L.R.C.P., M.R.C.S.
Fisher, Anna Friederike, State Med. Exam., Germany.
Kotecha, Bhikhalal, M.B., B.Ch., Wales.
Luk, Wai Sing, M.B., B.S., Hong Kong.
McCoy, Kevin James, L.R.C.P., M.R.C.S.
Richards, Aurelia, M.B., Ch.B., Aberdeen.

THE TWJ FOUNDATION

The Trustees of the TWJ Foundation
 invite applications for
AN OTOLOGICAL CLINICAL AND RESEARCH FELLOWSHIP
 tenable at
THE DEPARTMENT OF OTOLARYNGOLOGY, ANN ARBOR
IN THE UNIVERSITY OF MICHIGAN
 for six months during 1989

Professor John Kemink will act as Clinical Tutor to the Fellow and the emphasis will be on neuro-otology and skull base surgery. The Fellow will also participate in research in the Kresge Laboratory under the direction of Dr J. Miller.

Applicants must be Fellows of one of the Royal Colleges of Surgeons and a Senior Registrar in Otolaryngology in an appointment recognized for Higher Surgical Training.

Further details concerning applications should be obtained *now* from:

The Trustees of the TWJ Foundation,
 Courtlands, 61 Kingswood Firs,
 Grayshott, Hindhead,
 Surey GU26 6ER

The closing date for formal applications will be:

Saturday, 19 November, 1988.

NASAL PLASTIC SURGERY COURSE

7-10 February, 1989

at **THE INSTITUTE OF LARYNGOLOGY & OTOLOGY**

in association with

The **ROYAL NATIONAL THROAT, NOSE & EAR HOSPITAL**

Gray's Inn Road, London WC1X 8EE

A four day surgical teaching course in practical rhinoplasty including lectures and operations. There are colour television demonstrations for the operations, cadaver dissection and video tape teaching sessions.

Course Organizer: Mr T. R. Bull
 Course Fee: £395

Applications to:

The Dean's Secretary,
 Institute of Laryngology and Otolaryngology,
 330/332 Gray's Inn Road,
 London WC1X 8EE

Telephone: 01-837 8855 extension 4218

Instructions to Authors

Historical Articles. Articles of this type are generally encouraged, but it is obvious that they have to provide some new information or interpretation, whether it be about a well-known person or for example an instrument associated with him, but those from within a Hospital's own department who have made a hitherto less well-known contribution would be welcome.

Letters to the Editor. This feature is to be re-introduced to give those who wish to comment about a paper previously published within the Journal, an opportunity to express their views. Wherever possible, we shall ask the original author to add his further comment, thereby adding to the value of the contribution. Such letters should be sent as soon as possible after publication of each month's issue of the Journal in the hope of including them as soon as possible thereafter.

'Mini-papers, such as those which appear in the British Medical Journal, Lancet, or New England Journal of Medicine, will not be acceptable except on the rare occasion that they bring information of immediate interest to the reader.

Pathology. It is proposed to present on a monthly or bi-monthly basis, articles which are pathological interest with particular emphasis on the way the diagnosis was achieved, the techniques involved, etc. It is hoped that clinicians will involve their pathologists in these reports, and all illustrations must be of first-class quality. Where a department, particularly those overseas, may not have such specialized facilities, it may be possible, if a block or several unstained sections are provided for our Adviser to produce or supplement the illustration submitted. Only contributions of particular pathological interest will be accepted.

Radiology. It is proposed to introduce on a monthly or bi-monthly basis, short reports on cases in which the radiology has been crucial in the making of the diagnosis or the management of a particular case. This spot is to encourage clinicians and radiologists to produce material of particular interest in the specialty and to encourage co-operation in this field. Only presentations with first-class illustrations can be accepted and these must emphasise a problem of unusual clinical interest.

Check List for Authors/Secretaries

1. Title page—Titles should be short with names of the authors, higher degrees only and the city/country. Details of the departments in which the authors work should be put lower down.
An address for correspondence should be supplied together with the author who should receive this and this will ultimately appear beneath the list of references. If the paper was presented at a meeting, the details of this must be given and will be inserted at the bottom of the first page of the printed script.
2. Abstract—No paper will be accepted without this and it adds considerably to the Editor's time to have to write and request this if the paper is accepted.
3. To follow the Instructions to Authors with the way in which the paper is set out. It is preferred that each section should start on a fresh page with double spacing and wide margins.
4. References must be in the Harvard system; to submit a paper using the Vancouver system is automatically to have it returned or rejected.
5. Two sets of illustrations must be included, one of half-plate size and the other with the width of 80 mm. Illustrations must be clearly labelled with the author's name on the reverse side and where appropriate with an arrow to give orientation.
6. Authors to check manuscript and references to see that these match up particularly for dates and spelling.
7. Titles of Journals must be given in full with the date, volume number and first and *last* pages.
8. Consent to be obtained from a patient if a photograph of their face is to be reproduced.
9. If the author to whom correspondence is to be directed changes his address, he should let the Editorial Office know as soon as possible.
10. Page proofs will normally be sent out three months in advance and must be returned as soon as possible.
