WEED SCIENCE

Published six times a year by the Weed Science Society of America

William K. Vencill, *Editor*

The Weed Science Society of America publishes original research and scholarship in the form of peer-reviewed articles in three international journals. *Weed Science* is focused on understanding “why” phenomena occur in agricultural crops. As such, it focuses on fundamental research directly related to all aspects of weed science in agricultural systems. *Weed Technology* focuses on understanding “how” weeds are managed. As such, it is focused on more applied aspects concerning the management of weeds in agricultural systems. *Invasive Plant Science and Management* is a broad-based journal that focuses not only on fundamental and applied research on invasive plant biology, ecology, management, and restoration of invaded non-crop areas, but also on the many other aspects relevant to invasive species, including educational activities, policy issues, and case study reports. Topics for *Weed Science* include the biology and ecology of weeds in agricultural, forestry, aquatic, turf, recreational, rights-of-ways, and other settings; genetics of weeds and herbicide resistance; chemistry, biochemistry, physiology and molecular action of herbicides and plant growth regulators used to manage undesirable vegetation, and herbicide resistance; ecology of cropping and non-cropping systems as it relates to weed management; biological and ecological aspects of weed control tools including biological agents, herbicide resistant crops, etc.; effects of weed management on soil, air, and water. Symposia papers and reviews are accepted. Consult the editor for additional information.

Associate Editors (Assignment Year)

Muthukumar V Bagavathiannan, Texas A&M, College Station, TX 77843 (2015)
Carlene Chase, Horticultural Sciences Department, University of Florida, Gainesville, FL 32611 (2016)
Bhagirath Singh Chauhan, Queensland Alliance for Agriculture and Food Innovation (QAAFI), The University of Queensland, Queensland, Australia (2014)
Sharon Clay, South Dakota State University Plant Science Department, Brookings, SD 57007 (2002)
Adam Davis, USDA-ARS, Global Change and Photosynthesis Research, Urbana, IL 61801 (2007)
Franck E. Dayan, USDA-ARS-NPURU, National Center for Natural Products Research, University, MS 38677 (2003)
Anita Dille, Kansas State University, Department of Agronomy, Manhattan, KS 66506 (2013)
Timothy Grey, Department of Crop and Soil Science, University of Georgia, Tifton, GA 31793 (2009)
Marie Jasieniuk, Department of Plant Sciences, University of California, Davis, CA 95616 (2016)
Prashant Jha, Montana State University, Bozeman, MT 59717 (2017)
Ramon Leon, Department of Crop and Soil Sciences, North Carolina State University, Raleigh, NC 27695 (2016)
John L. Lindquist, Department of Agronomy, University of Nebraska, Lincoln, NE 68583-0817 (2002)
Sara Martin, Ag Canada, Ottawa, Canada (2018)
Vijay Nandula, Mississippi State University, Delta Research & Extension Center, Stoneville, MS 38776 (2008)
Chris Preston, Australian Weed Management, University of Adelaide, PMB1, Glen Osmond, SA 5064, Australia (2003)
Neha Rana, Monsanto, Chesterfield, MO 63005 (2017)
Dean Riechers, Department of Crop Sciences, University of Illinois, Urbana, IL 61801 (2011)
Hilary Sandler, University of Massachusetts–Amherst Cranberry Station, East Wareham, MA 02538 (2008)
Steven Seefeldt, USDA-ARS, University of Alaska, Fairbanks, AK 99775 (2011)
Patrick J. Tranel, Department of Crop Sciences, University of Illinois, 360 ERML, Urbana, IL 61801 (2002)
Martin M. Williams II, USDA-ARS Global Change and Photosynthesis Research, Urbana, IL 61801 (2008)
Tracy Candelaria, *Managing Editor*

Officers of the Weed Science Society of America

<http://wssa.net/society/bod/>

Weed Science (ISSN 0043-1745) is an official publication of the Weed Science Society of America, 12011 Tejon Street, Suite 700, Westminster, CO 80234 (720-977-7940). It contains refereed papers describing the results of research that elucidates the nature of phenomena relating to all aspects of weeds and their control. It is published bimonthly, one volume per year, six issues per year beginning in January.

Membership includes online access to *Weed Science*, *Weed Technology*, *Invasive Plant Science and Management*, and the online *WSSA Newsletter*. Dues should be sent to WSSA, 12011 Tejon Street, Suite 700, Westminster, CO 80234 no later than December 1 of each year. Membership in the society is on a calendar-year basis only.

New subscriptions and renewals begin with the first issue of the current volume. Please visit the *Weed Science* subscription page at <https://www.cambridge.org/core/journals/weed-science/subscribe>; Email: subscriptions_newyork@cambridge.org in USA, journals@cambridge.org outside USA.

Weed Science publishes six times a year in January, March, May, July, September, and November. Annual institutional electronic subscription rates: US \$431.00; UK £300.00.

Please use Editorial Manager to access manuscript submissions (<http://www.editorialmanager.com/ws>). Authors are asked to pay \$65 per page as a portion of the cost of publication, plus an additional processing charge of \$55 per manuscript if none of the authors are WSSA members. The Editor can make exceptions in advance when justified.

The Weed Science Society of America fully subscribes to the belief that progress in science depends upon the sharing of ideas, information, and materials among qualified investigators. Authors of papers published in *Weed Science* are therefore encouraged, whenever practicable and when state and federal laws permit, to share genotypically unique, propagative materials they might possess with other workers in the area who request such materials for the purpose of scientific research.

WEED SCIENCE

Journal of the Weed Science Society of America

Volume 66 Number 5 September–October 2018

MY VIEW

- Critical Next Steps in Combating Herbicide Resistance: Our View. *David R. Shaw, Michael Barrett, Jill Schroeder, Amy B. Asmus, David Ervin, Raymond A. Jussaume Jr. and Harold Coble*..... 559

REVIEW

- Jointed goatgrass (*Aegilops cylindrica*): A Review. *Carol Mallory-Smith, Andrew R. Kniss, Drew J. Lyon and Robert S. Zemetra*..... 562

PHYSIOLOGY/CHEMISTRY/BIOCHEMISTRY

- Annual Bluegrass (*Poa annua*) Biotypes Exhibit Differential Levels of Susceptibility and Biochemical Responses to Protoporphyrinogen Oxidase Inhibitors. *Jialin Yu, Patrick E. McCullough and Mark A. Czarnota*..... 574
- Resistance to Multiple PRE Herbicides in a Field-evolved Rigid Ryegrass (*Lolium rigidum*) Population. *David J. Brunton, Peter Boutsalis, Gurjeet Gill and Christopher Preston*..... 581
- Quantifying Resistance to Isoxaflutole and Mesotrione and Investigating Their Interactions with Metribuzin POST in Waterhemp (*Amaranthus tuberculatus*). *Sarah R. O'Brien, Adam S. Davis and Dean E. Riechers*..... 586
- Prevalence and Mechanism of Atrazine Resistance in Waterhemp (*Amaranthus tuberculatus*) from Nebraska. *Amaranatha Reddy Vennapusa, Felipe Faleco, Bruno Vieira, Spencer Samuelson, Greg R. Kruger, Rodrigo Werle and Mithila Jugulam*..... 595
- Glyphosate-Resistant Junglerice (*Echinochloa colona*) from Mississippi and Tennessee: Magnitude and Resistance Mechanisms. *Vijay K. Nandula, Garret B. Montgomery, Amaranatha R. Vennapusa, Mithila Jugulam, Darci A. Giacomini, Jeffery D. Ray, Jason A. Bond, Lawrence E. Steckel and Patrick J. Tranel*..... 603

WEED BIOLOGY AND ECOLOGY

- Weed Seedbank and Weed Biomass Dynamics in a Long-Term Organic Vegetable Cropping Systems Experiment. *Charles L. Mohler, Brian A. Caldwell, Caroline A. Marschner, Stephane Cordeau, Qaiser Maqsood, Matthew R. Ryan and Antonio DiTommaso*..... 611
- Influence of Crop Competition and Harvest Weed Seed Control on Rigid Ryegrass (*Lolium rigidum*) Seed Retention Height in Wheat Crop Canopies. *Michael J. Walsh, John C. Broster, Charlotte Aves and Stephen B. Powles*..... 627
- Growth, Fitness, and Overwinter Survival of a Shattercane (*Sorghum bicolor* ssp. *drummondii*) × Grain Sorghum (*Sorghum bicolor* ssp. *bicolor*) F₂ Population. *Jared J. Schmidt, Melinda K. Yerka, Jeffrey F. Pedersen and John L. Lindquist*..... 634
- Divergence in Life-History and Developmental Traits in Silvery-Thread Moss (*Bryum argenteum* Hedw.) Genotypes between Golf Course Putting Greens and Native Habitats. *Zane Raudenbush, Joshua L. Greenwood, D. Nicholas McLetchie, Sarah M. Eppley, Steven J. Keeley, Richard C. Castetter and Lloyd R. Stark*..... 642

WEED MANAGEMENT

- Weed Communities in Strip-Tillage Corn/No-Tillage Soybean Rotation and Chisel-Plow Corn Systems after 10 Years of Variable Management. *Nathaniel M. Drewitz and David E. Stoltenberg*..... 651
- Candidate Tools for Integrated Weed Management in Soybean at the Northern Frontier of Production. *Charles M. Geddes and Robert H. Gulden*..... 662

SOIL, AIR, AND WATER

- A Comparison of Symmetrical and Asymmetrical Triazine Herbicides for Enhanced Degradation in Three Midwestern Soils. *Ethan T. Parker, Micheal D. K. Owen, Mark L. Bernards, William S. Curran, Lawrence E. Steckel and Thomas C. Mueller*..... 673
