# Expert Reviews in Molecular Medicine

Published in association with the  
Centre for Applied Research in Educational Technologies  
(CARET)

EDITORS: ANDREA BOWDEN, CAROLYN ELLISS,  
*Centre for Applied Research in Educational Technologies, Cambridge, UK*

***Expert Reviews in Molecular Medicine*** is an exciting *online* journal featuring high-quality reviews of the latest developments in this fast-growing field. Coverage includes gene therapy, immunotherapeutics, drug design, vaccines, genetic testing, pathogenesis, epidemiology, genomics, diagnostics and techniques.

The reviews are written by experts, peer-reviewed and carefully edited, and include informative illustrations. The online platform of the journal provides a range of functionalities for readers and authors, such as linked-out reference lists and citation tracking, and is regularly updated.

***Expert Reviews in Molecular Medicine*** is of interest to biomedical researchers, clinicians and students, as well as researchers in the pharmaceutical and biotechnology industries.
