CONTENTS

Invited opinion paper

Regnier, E. and Schubert, K.

Opinion paper: prospects for the fed-aquaculture sector 917

Breeding and genetics

Biermann, A. D. M., Yin, T., König von Borstel, U. U., Rübesam, K., Kuhn, B. and König, S.

From phenotyping towards breeding strategies: using *in vivo* indicator traits and genetic markers to improve meat quality in an endangered pig breed 919

Druml, T., Dobretsberger, M. and Brem, G.

The use of novel phenotyping methods for validation of equine conformation scoring results 928

Terakado, A. P. N., Pereira, M. C., Yokoo, M. J. and Albuquerque, L. G.

Evaluation of productivity of sexually precocious Nelore heifers 938

Zindove, T. J., Chimonyo, M. and Nephawe, K. A.

Relationship between linear type and fertility traits in Nguni cows 944

Nutrition

Ho, S.-Y., Chen, Y.-H. and Yang, S.-K.

Effects of sequential feeding with low- and high-protein diets on growth performances and plasma metabolite levels in geese 952

Santos, F. H. R., De Paula, M. R., Lezier, D., Silva, J. T., Santos, G. and Bittar, C. M. M.

Essential oils for dairy calves: effects on performance, scours, rumen fermentation and intestinal fauna 958

Patino, H. O., Medeiros, F. S., Pereira, C. H., Swanson, K. C. and McManus, C.

Productive performance, meat quality and fatty acid profile of steers finished in confinement or supplemented at pasture 966

Boval, M., Edouard, N. and Sauvant, D.

A meta-analysis of nutrient intake, feed efficiency and performance in cattle grazing on tropical grasslands (review) 973

Hart, K. J., Huntington, J. A., Wilkinson, R. G., Bartram, C. G. and Sinclair, L. A.

The influence of grass silage-to-maize silage ratio and concentrate composition on methane emissions, performance and milk composition of dairy cows 983

Physiology and functional biology of systems

Stern, R. A., Ashwell, C. M., Dasarathy, S. and Mozdziak, P. E.

The effect of hyperammonemia on myostatin and myogenic regulatory factor gene expression in broiler embryos 992

Puccinelli, E., Gervasi, P. G., Trivella, M. G., Vornoli, A., Viglione, F., Pelosi, G., Parodi, O., Sampietro, T. and Puntoni, M.

Modulation of lipid homeostasis in response to continuous or intermittent high-fat diet in pigs 1000

Mesilati-Stahy, R., Malka, H. and Argov-Argaman, N.

Influence of glucogenic dietary supplementation and reproductive state of dairy cows on the composition of lipids in milk 1008

García-Herreros, M. and Leal, C. L. V.

Sperm volumetric dynamics during *in vitro* capacitation process in bovine spermatozoa 1016

Behaviour, welfare and health

Rigo, N., Trocino, A., Poppi, L., Giacomelli, M., Grilli, G. and Piccirillo, A.

Performance and mortality of farmed hares 1025

Larsen, M. L. V. and Pedersen, L. J.

Does light attract piglets to the creep area? 1032

Miguel-Pacheco, G. G., Vaughan, A., de Passillé, A. M. and Rushen, J.

Relationship between locomotor play of dairy calves and their weight gains and energy intakes around weaning 1038

Catanese, F., Distel, R. A. and Villalba, J. J.

Expression of conditioned preference for low-quality food in sheep is modulated by foraging costs 1045

Brcsic, M., Gottardo, F., Tessitore, E., Guzzo, L., Ricci, R. and Cozzi, G.

Assessment of welfare of finishing beef cattle kept on different types of floor after short- or long-term housing 1053

Tallo-Parra, O., Manteca, X., Sabes-Alsina, M., Carbajal, A. and Lopez-Bejar, M.

Hair cortisol detection in dairy cattle by using EIA: protocol validation and correlation with faecal cortisol metabolites 1059

Product quality, human health and well-being

Liotta, L., Chiofalo, V., D'Alessandro, E., Lo Presti, V. and Chiofalo, B.

Supplementation of *Rosemary* extract in the diet of Nero Siciliano pigs: evaluation of the antioxidant properties on meat quality 1065

Zhang, C., Luo, J. Q., Zheng, P., Yu, B., Huang, Z. Q., Mao, X. B., He, J., Yu, J., Chen, J. L. and Chen, D. W.

Differential expression of lipid metabolism-related genes and myosin heavy chain isoform genes in pig muscle tissue leading to different meat quality 1073

Anderson, F., Pannier, L., Pethick, D. W. and Gardner, G. E.

Intramuscular fat in lamb muscle and the impact of selection for improved carcass lean meat yield 1081
