

Instructions for Authors: Papers and short notes from contributors anywhere in the world are welcome for consideration for publication in *The Lichenologist* and may be on any aspect of lichenology. However, priority in publication will be given to those who are members of the British Lichen Society.

Manuscripts must be typewritten on foolscap or A4 size paper in double or treble spacing with 1 inch margins all round and submitted in **triplicate** to the Senior Editor (Dr D. H. Brown) or (for North America) Professor V. Ahmadjian, Department of Biology, Clark University, Worcester, Mass 01610, USA.

Line illustrations must be in black ink on stiff white card, preferably Bristol board.

As a guide to the layout of synonymy, keys, references, etc., recent issues should be consulted. The spellings of locality names in Britain and abroad must follow those of the most recent editions of maps published by the Ordnance Survey and *The Times Atlas of the World*, respectively. Titles of periodicals should be given in full (except in taxonomic treatments in text where they should be abbreviated as in the fourth edition of the *World List of Scientific Periodicals* and its supplements). In lists of references the publisher and place of publication of books should be given; editions other than the first should be indicated.

Copyright/Offprints. Authors submitting a manuscript do so on the understanding that if it is accepted for publication, copyright in the paper for the United States of America shall be assigned to the Society. In consideration for the assignment of copyright, the Society will supply 50 offprints of each paper or Short Communication but not of Book Reviews. Further offprints may be ordered at extra cost at the proof stage. The Society will not put any limitation on the personal freedom of the author to use material contained in the paper in other works which may be published in North America or elsewhere. Reprints must be ordered directly from Academic Press Inc. when the author returns the proofs of his article.

Page charges are not levied, but if funds to cover printing costs are available quicker publication, or that of unusually long papers, can be facilitated.

Books dealing with any aspect of lichenology will be reviewed. Publishers wishing to have works reviewed in *The Lichenologist* should send them to Dr B. J. Coppins, Royal Botanic Gardens, Inverleith Row, Edinburgh, EH3 5LR, in the first instance.

This journal is covered by *Current Contents* and *Biological Abstracts*.

Notice: While the Senior Editor and Editors endeavour to check the accuracy of statements in contributions in as far as they are able, it should be emphasized that views expressed in papers in *The Lichenologist* are those of their authors and do not necessarily represent those of the British Lichen Society, Academic Press Ltd, the Senior Editor, or the Editors.

© 1991 British Lichen Society. The appearance of the code at the bottom of the first page of a paper in this journal indicates the copyright owner's consent that copies of the paper may be made for personal or internal use, or for the personal or internal use of specific clients in the USA. This consent is given on the condition, within the USA, that the copier pay the stated per copy fee through the Copyright Clearance Center, Inc., 27 Congress Street, Salem, MA 01970, for copying beyond that permitted by Sections 107 or 108 of the US Copyright Law. This consent does not extend to other kinds of copying, such as copying for general distribution, for advertising or promotional purposes, for creating new collective works, for copying or distributing copies outside the USA.

THE LICHENOLOGIST

Vol. 23. Part 1	1991
BROWN, D. H.—Editorial	1
ORANGE, A.—Notes on some terricolous species of <i>Verrucaria</i>	3
THOR, G. & MUHR, L.-E.— <i>Buellia violaceofusca</i> , a new lichen from Sweden	11
ORANGE, A.— <i>Macentina dictyospora</i> (Verrucariaceae), a new lichenized species from Sweden	15
SCUTARI, N. C.— <i>Hyperphyscia variabilis</i> , a new foliose species of Physciaceae with 3-septate spores	21
MCCARTHY, P. M.—The lichen genus <i>Endocarpon</i> Hedwig in Australia	27
STEVENS, G. Nell— <i>Usnea elixii</i> , a new lichen species from Australia	53
APTROOT, A.—The lichen flora of The Maldives	57
HALONEN, P., HYVÄRINEN, M. & KAUPPI, M.—The epiphytic lichen flora on conifers in relation to climate in the Finnish middle boreal subzone	61
GILBERT, O. L.—A successful transplant operation involving <i>Lobaria amplissima</i>	73
COXSON, Darwyn S.—Impedance measurement of thallus moisture content in lichens	77
AHMADJIAN, Vernon—Obituary: Ivan Mackenzie Lamb (Elke Mackenzie) (1911–1990)	85
SHORT COMMUNICATIONS	
ALSTRUP, Vagn—Variation in <i>Placidopsis minor</i> as shown by a specimen from Greenland	89
HAWKSWORTH, D. L.—Linnaeus, the first report of lichenophagy in psychid moths, and the identity of <i>Lichen candelarius</i>	92
BOOK REVIEWS	93

The Lichenologist, Vol. 22, Part 4 was published on 1 November 1990

Published four times a year for the British Lichen Society by
Academic Press Limited, 24–28 Oval Road, London NW1 7DX,
England
