

GALTON INSTITUTE SYMPOSIUM

ISSUES IN FETAL MEDICINE

Thursday and Friday, 17 and 18 September 1992
in the Meeting Rooms, Zoological Society of London, Regent's Park

Topics will include:

Applications of recent advances in DNA techniques to diagnosis in the fetus

Normal fetal development and time of origin of structural abnormalities

The changing status of the fetus

Diagnosis of anomaly over time of conception

Clinical methods of fetal diagnosis

Management in a fetal anomaly clinic

Calming or harming—the ethics of screening for fetal defects

The legal status of the embryo and fetus

Fetal surgery: possibilities and difficulties of operating *in utero*

Other interventionalist fetal therapy

Ethical and legal issues in fetal medicine

For further information, please contact the General Secretary, Galton Institute, 19 Northfields Prospect, Northfields, London SW18 1PE (Tel. 081-874-7257).

Population Studies

Managing Editor: E. Grebenik

Editors: T. Dyson, J. Hobcraft, R. Schofield and M. Murphy

Vol. 46, No. 1, March 1992

C. W. WARREN, J. T. JOHNSON, G. GULE, E. HLOPHE & D. KRAUSHAAR The determinants of fertility in Swaziland

T. A. TELFORD Covariates of men's age at first marriage: the historical demography of Chinese lineages

N. HAVANON, J. KNODEL & W. SITTITRAI The impact of family size on wealth accumulation in rural Thailand

W. H. HERN Polygyny and fertility among the Shipibo of the Peruvian Amazon

E. M. D. GRUNDY Sociodemographic variations in rates of movement into institutions among elderly people in England and Wales: an analysis of linked census and mortality data 1971–1985

R. V. WELLS The population of England's colonies in America: Old English or New Americans

C. P. SCHMERTMANN Estimation of historical migration rates from a single census: interregional migration in Brazil 1900–1980

P. LANTZ, M. PARTIN & A. PALLONI Using retrospective surveys for estimating the effects of breastfeeding and childspacing on infant and child mortality

L. LONG Changing residence: comparative perspectives on its relationship to age, sex, and marital status

E. VAN IMHOFF A general characterization of consistency algorithms in multidimensional demographic projection models

Book reviews

Subscription price per volume of 3 parts £42.00 (US\$92.00) post free. Single parts of current volume £16.50 (US\$37.00) post free. Details of back issues on request.
