CONTENTS

BRAINSTORMS

Is impulsive violence an addiction? The Habit

Hypothesis

Stephen M. Stahl 165

GUEST EDITORIAL

Treat the treatable: a comprehensive and optimistic approach to treating psychiatric violence

Katherine D. Warburton and Stephen M. Stahl 170

OPINIONS

A new standard of care for forensic mental health treatment: prioritizing forensic intervention

Katherine D. Warburton 172

Implementing an ecological approach to violence reduction at a forensic psychiatric hospital: approaches and lessons learned

Shannon M. Bader and Sean E. Evans 177

The appropriateness of treating psychopathic disorders

Alan R. Felthous 182

Psychosocial approaches to violence and aggression: contextually anchored and trauma-informed interventions

Deborah Horowitz, Margaret Guyer and Kathy Sanders 190

REVIEW ARTICLES

The neurobiology of psychopathy: recent developments and new directions in research and treatment

Michael A. Cummings 200

Deinstitutionalization and the rise of violence

E. Fuller Torrey 207

The psychiatrist's duty to protect

James L. Knoll IV 215

Inpatient aggression in community hospitals

Katalin A. Szabo, Christopher L. White, Stephen E. Cummings, Raziya S. Wang and Cameron D. Quanbeck 223

Comorbid mental illness and criminality: implications for housing and treatment

Nicole R. Bartholomew and Robert D. Morgan 231

Crime, violence, and behavioral health: collaborative community strategies for risk mitigation

Debra A. Pinals 241

Forensic focused treatment planning: a new standard for forensic mental health systems

Robert J. Schaufenbil, Rebecca Kornbluh, Stephen M. Stahl and Katherine D. Warburton 250

The neurobiology of aggression and violence

Daniel R. Rosell and Larry J. Siever 254

Impulsivity and aggression in schizophrenia: a neural circuitry perspective with implications for treatment

Matthew J. Hoptman 280

New technologies in the management of risk and violence in forensic settings

John Tully, Fintan Larkin and Thomas Fahy 287

Serotonin and impulsive aggression

Emil F. Coccaro, Jennifer R. Fanning, K. Luan Phan and Royce Lee 295

Risk reduction treatment of psychopathy and applications to mentally disordered offenders

Stephen C. P. Wong and Mark Olver 303

CASE-BASED REVIEW ARTICLE

Illustrative cases to support the Cal-VAT guidelines

Laura J. Dardashti, Jennifer A. O'Day, Michael W. Barsom, Eric H. Schwartz and George J. Proctor 311

ORIGINAL RESEARCH

Prevalence of physical violence in a forensic psychiatric hospital system during 2011–2013: Patient assaults, staff assaults, and repeatedly violent patients

Charles Broderick, Allen Azizian, Rebecca Kornbluh and Katherine Warburton 319
