Miami, FL 33101-9990, USA

... there is no doubt that BioEssays meets a genuine need and meets it well. The reviews are authoritative and clear, the occasional other articles are lively and the journal is generally well-written"

NATURE

BioEssays

IUBS IUPS IUB IUPAB IUNS IUIS IUMS COGENE IBM

News and Reviews in Molecular, Cellular and Developmental Biology, published monthly

BioEssays does the vital work of keeping you up-to-date not only with activities in your own area of work, but with all developments in contemporary biology.

"The style is lively, the articles informative and not too long, and the whole is eminently readable. It should become very useful in the teaching of many aspects of biology, especially in making recent advances easily accessible to students." TIMES HIGHER EDUCATION SUPPLEMENT

"Every month BioEssays will bring you Reviews on issues of current interest that are concise and comprehensible, a service ... applauded by busy scientists" LANCET

Read BioEssays, and keep ahead of your field

Subscriptions for 1987

£77.00 (\$152) for institutions; £33.00 (\$53) for individuals; single parts £5.50 (\$11.50); airmail £20.00 extra per year

 Cambridge
Journals

Leading Science Journals from Cambridge University Press

new

Visual Neuroscience

new

Editor: K. FITE, *University of Massachusetts*
Will publish research and theory of visual neuroscience, with primary emphasis on retinal and brain mechanisms that underlie visually-guided behaviours and visual perception.
Quarterly, £65/\$100 for institutions, £35/\$50 for individuals, £25/\$35 for students, 0952-5238

Polar Record

new

Editor: BERNARD STONEHOUSE, *Scott Polar Research Institute*
A cross-disciplinary journal covering both polar regions. Articles and reviews on anthropology, archaeology, art, botany, history, geography, geology, glaciology, law, medicine, oceanography, politics, psychology, sociology and zoology.
Quarterly, £35/\$70 for institutions, £25/\$50 for individuals, 0032-2474

The New Phytologist

new

Editor: D. H. LEWIS, *Sheffield University*
Boasting a very high impact factor, half-life of cited references and an international reputation, this journal publishes research papers, review articles and book reviews on all aspects of the plant sciences. Average publication time is only 7 months from receipt of papers.
Monthly, £175 for UK Subscribers, £260/\$395 for subscribers elsewhere, 0028-646X

International Industrial Biotechnology

new

Editors: ROGER GILMORE, ROD GREENSHIELDS, JOHN HIGGINS & CHRIS LOWE, *c/o Cranfield Biotechnology Centre*
A truly international news journal for everyone working in the biotechnology industry. News and reviews of techniques, equipment, patents, the law, collections, publications, conferences, market surveys, and more . . .
Bimonthly, £55/\$99 for institutions, £32/\$55 for individuals, 0269-7815

IEEE Computer Society Journals – now obtainable from CUP (outside US only)

IEEE Computer Graphics and Applications

Addresses such topics as display technology, computer-aided design and manufacturing, business data graphics and distributed graphics techniques.
Bimonthly, £25 for institutions, £23 for sister society members, 0272-1716

IEEE Micro

Aimed at practicing microcomputer applications engineers and managers, publishing articles on new chips, hardware design, system design, application software, and microcomputer standards.
Bimonthly, £25 for institutions, £23 for sister society members, 0272-1732

IEEE Design and Test of Computers

Covers the entire body of methods and practices used to aid in the design and test of electronic integrated computer systems and the functional components used in those systems, such as logic assemblies and memory arrays.
Bimonthly, £26 for institutions, £23 for sister society members, 0740-7475

IEEE Software

Contains tutorials and surveys on current techniques and new products in software design and development.
Bimonthly, £25 for institutions, £22 for sister society members, 0740-7459

IEEE Expert

Devoted to providing in-depth reviews and tutorials on the issues of intelligent systems, including expert systems.
Quarterly, £62 for institutions, £19 for sister society members, 0385-9000

IEEE Transactions on Computers

Original research on all aspects of the theory, design, and practice relating to computer circuits, systems, and networks.
Monthly, £140 for institutions, £35 for sister society members, 0018-9340

IEEE Transactions on Software Engineering

Carries fundamental and original research on all aspects of the specification, design, development, management, testing, maintenance, and documentation of software systems.
Monthly, £140 for institutions, £35 for sister society members, 0098-5589

IEEE Transactions on Pattern Analysis and Machine Intelligence

Covers computer vision, image processing and analysis, statistical pattern recognition, expert systems, natural language processing inference systems and speech and waveform pattern analysis.
Bimonthly, £59 for institutions, £25 for sister society members, 0162-8828

Sister Society rates are available to individual members of certain societies – write to CUP stating your society.
