Edge of Irony

Modernism in the Shadow of the Habsburg Empire

Marjorie Perloff

"Most critics have dealt with Austrian modernism from a prewar perspective. Perloff rightly sees the aftermath of the war, the breakup of empire, as informing the Austro-Modernists' boldest works. *Edge of Irony* presents a model for attuning literary study to the political complexities with which writings like these are eternally embroiled."—Thomas Harrison, University of California, Los Angeles

CLOTH \$30.00

The Substance of Shadow

A Darkening Trope in Poetic History

John Hollander

Edited by Kenneth Gross

"Who knows what shadows lurk in the hearts, and around the margins, and in the allusive connections of poems great and minor, English and American, classical and European? Nobody knew as much, perhaps, as John Hollander, who explored the binaries, the dualities, the implications of literary shadows in these splendid, memorable lectures, tracing the shadow as topos and trope over centuries."—Stephen Burt, Harvard University

CLOTH \$29.00

The Great William

Writers Reading Shakespeare

Theodore Leinwand

"Leinwand's book is rich in archival discoveries, steeped in biographical insight, and deeply knowledgeable about the ways in which great writers have read and responded to Shakespeare. I learned a great deal from every chapter and can't imagine a reader who wouldn't."—James Shapiro, Columbia University

CLOTH \$35.00

The Corporate Commonwealth

Pluralism and Political Fictions in England, 1516–1651

Henry S. Turner

"This is a major book by a major scholar. Breathtakingly ambitious, *The Corporate Commonwealth* addresses a huge spectrum of English intellectual history with great learning and insight and reminds us that corporations and corporate-like forms take many shapes. A must-read."—Julia Reinhard Lupton, author of *Thinking with Shakespeare*

CLOTH \$45.00

Rootedness

The Ramifications of a Metaphor

Christy Wampole

"Theoretically vigorous, critically elegant, and impressively well informed, this is a wonderful exploration of the root metaphor and the notion of rootedness in Western culture and, more particularly, in twentieth-century France and Germany. With assurance and verve, Wampole illuminates such figures as Paul Celan, Edouard Glissant, Jean Paulhan, and Simone Weil."—Gerald Prince, University of Pennsylvania

CLOTH \$45.00

Object Lessons

The Novel as a Theory of Reference

Jami Bartlett

"*Object Lessons* is a tightly argued set of reflections on reference and the novel form. It is also a refreshing, original, and insistently smart example of interdisciplinary scholarship, bringing tools from the analytic philosophy of language to literary study seriously and without compromise. The result is an altogether new account of the way that the novel stands in relation to the world."—Jonathan Kramnick, Yale University

More than just a new edition,
this is a **NEW MLA STYLE.**

**"This is the most succinct and sensible revision
to MLA documentation style in my long career."**
—Andrea A. Lunsford, Stanford University

Learn to Cite Any Source Easily

Get the authoritative guide for research in the digital age.

Shorter and redesigned for easy use, this ground-breaking new edition of the *MLA Handbook* recommends one universal set of guidelines, which writers can apply to any type of source.

- Cite any source—no matter how unusual.
- Correctly organize and format a research project.
- Determine the reliability of research sources.

Discover Even More Online at *The MLA Style Center.*

style.mla.org

The only authoritative Web site devoted to MLA style, the new *MLA Style Center* is the official, free online companion to the *MLA Handbook*.
