

On the Aesthetic Education of Man

In a Series of Letters

FRIEDRICH SCHILLER

Edited and Translated with an Introduction, Commentary, and Glossary of Terms
by ELIZABETH M. WILKINSON and L. A. WILLOUGHBY

This bilingual edition offers a new, and more accurate, translation of a work whose relevance for our time is being increasingly recognized.

Myself and Others

A Study in Our Knowledge of Minds

DON LOCKE

The author aims to explain how our knowledge of our own minds and our knowledge of other minds necessarily differ, not only from one another, but also from our perceptual knowledge of the physical world, and our knowledge of bodily sensations.

27s 6d net

Non-Violence and Aggression

A Study of Gandhi's Moral Equivalent of War

H. J. N. HORSBURGH

The author, starting from familiar premisses about the ineffectiveness of war as an instrument of policy in a nuclear age, examines the claims of Gandhian satyagraha as a morally preferable and comparably efficient method of achieving the ends to be obtained by warfare.

35s net

Punishment and Responsibility

Essays in the Philosophy of Law

H. L. A. HART

Some of the essays are concerned with the analysis of specific psychological conditions of responsibility, such as intention, 'acts of will', and negligence, or of the general ideas of responsibility and retribution; others are concerned with the justification of theories which restrict liability to punishment by reference to psychological conditions, or with newer theories which would eliminate such restrictions.

28s net (paper covers 14s net)

The Theory of Universals

RICHARD I. AARON

For this edition two chapters have been rewritten to allow for recent thought on what has become a serious philosophical problem, the problem of universals. Fresh accounts of general words and concepts are also presented.

Second edition 42s net

The Theology of the Early Greek Philosophers

The Gifford Lectures 1936

WERNER JAEGER

This book traces the new and revolutionizing ideas which the early Greek thinkers developed about the nature of the universe from the first intimations in Hesiod of the theology that was to come, down to the time of the Sophists of the fifth century B.C.

The Human Agent

The Royal Institute of Philosophy Lectures, 1966-67

The thirteen essays printed in this volume are all concerned with man as an agent in the world, as a being who acts and reflects upon his actions. The contributors are: G. P. Henderson, Aurel Kolnai, Bernard Mayo, Alan R. White, David Pears, C. H. Whiteley, The Earl of Halsbury, G. N. A. Vesey, R. J. Hirst, C. K. Grant, G. J. Warnock, Gilbert Ryle, and Richard Wollheim. Macmillan will in future publish annually the collected lectures delivered at the Royal Institute of Philosophy.

Political Theory and the Rights of Man

Edited by D. D. Raphael

A symposium of ten essays that arose from a discussion of Human Rights at the Sixth World Congress of the International Political Science Association. 'It is an important debate because it is our failure to be clear about the rights of men which cloud, for example, our current arguments about welfare.' —Alasdair MacIntyre, *Guardian*

30s

The Evolution of Dialectical Materialism

Z. A. Jordan

'Not the least merit of Dr. Jordan's massive work is that it finds new paths through this dense philosophical thicket . . . distinguished for its originality as well as for its learning.'—*Times Literary Supplement*

New books from Regency Press

WHAT NEXT?

by DAISY O. ROBERTS

Mrs Roberts believes that she has been the amanuensis of a research group on the other side of death which has been interested in probing problems of human life. The automatic writings consist of the experience of a doctor; a miner; a curio collector; a zoo attendant; a French prison guard; a Member of Parliament and a score of others.

Cloth Bound 21s. Net (By post 22s. 6d. or U.S.A., Canada etc, \$3.75)

MY FATHER'S HOUSE

by DEDIAN VANDERSTAAY

After her 17-year-old daughter had suddenly passed away, the authoress felt so hopelessly miserable that she could hardly go on living and she prayed that, if there should be a personal existence after death, she might learn more of this. The phenomena began to happen that were convincing to her and which proved to be enlightening and comforting, so that she could go on living again.

Cloth Bound 21s. Net (By Post 22s. 6d. or U.S.A., Canada \$3.75)

SUN CHILDREN OF RA

by ASTA KINDLER

Unique and controversial book, written as fiction but based on stark fact, of the savage struggle between the Sun-children and the Giffnas. Alive with newly revealed occult truths and designations, the reader is transported to the realms of the unknown, of reincarnation and of a strange poignant love story.

A book for those with inquiring minds who are uncommitted to orthodox concepts, and who are willing to be deeply involved and disturbed by this great and startling work.

Demy 8vo. Hardback, nearly 400 pages. 42s. (by post 45s. or U.S.A \$6.75)

FIVE BOOKS OF WISDOM

by KUTHUMI

Material received during ten years of private seances, consisting of lectures, meditations, explanations on evolution, Karma, dogmas and reincarnation. These are the highest spiritual teachings ever given to mankind and written in a fluent simple style for easy understanding.

Demy 8vo. Cloth. 45s. 486 pages (by post 48s. or USA \$8.00)

YOUR DREAMS ARE YOU

by C. P. BRADLEY

This book concerns itself with dreams, those countless hazy ventures into a world that is as yet unexplored and frighteningly mystifying. A dream is a picture language and the symbols contained in it are clearly understandable.

Demy 8vo. Cloth 18s. (by post 20s. or USA \$3.50)

TAROT OF THE MAGI

by CARLYLE A. PUSHONG

Without any doubt the very best book about Tarot cards and their readings. Written in clear, concise style this book thoroughly paves the way for the layman to understanding mnemonic value of the Tarot.

Demy 8vo. Cloth 18s. (by post 20s. or USA \$3.50)

DESTINY IS BORN

by "JULIE"

A brilliant volume that treats astrology and numerology with the seriousness and thoroughness they deserve. For the first time you will know how astrology works, and why. This book was written for you.

Demy 8vo. Cloth 40s. (by post 43s. or USA \$6.50)

TOWARDS GOD

by REGINALD BROWNE

This book acts as a signpost pointing the way to a clearer concept and understanding of this fast-moving world. It examines in new light aspects of life such as mental health, sex and the role of the churches.

Crown 8vo. Cloth 10s 6d (by post 11s 6d, or USA \$2.00)

A SEARCH FOR TRUTH

by ALBERT GEISSLER

What is now illogical and repugnant to common sense we are now asked to accept in faith. This book is the result of a thorough and progressive study of the relatively new science called Extra Sensory Perception (E.S.P.), or a study of the para-normal.

Cloth Demy 8vo. 21s Net (by post 22s 6d or USA, Canada, etc, \$3.75)

MANUSCRIPTS INVITED

Wittgenstein und der Wiener Kreis

Conversations recorded by F. Waismann

Edited by B. F. McGuinness

In these conversations Wittgenstein expounds views similar to those contained in *Philosophische Bemerkungen*, defends some of the doctrines of the *Tractatus* while criticising others, and occasionally reacts to objections of his two interlocutors. The edition is in German.

Letters from Ludwig Wittgenstein

with a Memoir

PAUL ENGELMANN

Translated by L. FURTMULLER

There are about 50 letters of Wittgenstein (in German with English translation). Engelmann was no philosopher but was intensely interested in cultural and (in a wide sense) religious questions: it is from this side that his Memoir illuminates Wittgenstein's work.

BASIL BLACKWELL

CAMBRIDGE

The Grounds of Moral Judgement

G. R. GRICE

'Mr Grice has written an extremely interesting, and perhaps an important, book. He is quite obviously a serious philosopher, both ingenious and original. He propounds a new version of utilitarianism; and, like all utilitarians, he therefore concentrates his attention upon the question of what are the basic principles of morality, or, in his words, what are the basic grounds of moral judgements.' *New Society*

ESSAYS IN THE SCIENTIFIC REVOLUTION

ALEXANDRE KOYRE

Translated from the French by R. E. W. Maddison

These six essays centre on Professor Koyré's great theme: the relative importance of metaphysics and observation, with controlled experiment a kind of marriage of the two. In his discussion of the importance of philosophy in the scientific revolution he writes on: Galileo and Plato; Galileo and the Scientific Revolution; The *De Motu Graviorum* of Galileo; An Experiment in Measurement; Pascal Savant; Gassendi and Science in His Time. 42s

BASIL BLACKWELL . OXFORD

The Collected Works of Jeremy Bentham

This new definitive edition is designed to furnish as complete and accurate a text of all Bentham's works as can now be constructed. Under the general editorship of Professor J. H. Burns, some thirty-eight volumes are planned within the following main subject categories:

Correspondence · Principles of
Legislation · Criminal Law
Civil Law · Constitutional Law
Political Writings · Judicial
Procedure · Economics and
Society · Philosophy and
Education · Religion
and the Church

The Correspondence of Jeremy Bentham

Volumes 1 and 2: 1752-80

edited by T. L. S. SPRIGGE

Nearly four hundred letters, the vast majority now printed for the first time, reveal Bentham's formative years in a new and unexpected light. The Westminster schoolboy, the Oxford undergraduate, the student of law hesitantly seeking in new friends and new scenes a broadening of his parentally circumscribed horizons—these crucial phases of Bentham's growth are seen with the aid of Dr Sprigge's editorial comment against the rich and varied background of eighteenth-century England. When complete in six volumes, the edition will span more than three-quarters of a century and will reflect Bentham's life from the reign of George II to the eve of the Reform Bill. It will make his life and personality more fully known than ever before, and lay an essential foundation to the understanding of his evolving ideas. £8 8s the set
