List of abbreviations

AED	Anti-epileptic drug
BDZ	Benzodiazepine
BECTS	Benign epilepsy with centro-temporal spikes
CBZ	Carbamazepine
GABA	γ-aminobutyric acid
GBP	Gabapentin
LTG	Lamotrigine
PHT	Phenytoin
SMEI	Severe myoclonic epilepsy of infancy
TGB	Tiagabine
VGB	Vigabatrin

Erratum

'Stability of the Bayley II Scales of Infant Development in a sample of low-risk and high-risk infants'

Harris et al.

DMCN Vol 47: 820–823

We would like to correct an error that was printed in the above mentioned article:

p 821: The sentence should have read: 'The initial assessment took place during the first year of life (between 2.5 and 12.5mo of age...)' and not 'The initial assessment took place during the first year of life (between 2y 6mo and 12y 6mo of age...'

We sincerely apologize for this error.
