

## PARTICIPANTS

Lawrence S. Anderson	University of Toledo, USA
Grant Athay	High Altitude Observatory, USA
Eugene H. Avrett	Harvard-Smithsonian Center for Astrophysics, USA
Thomas R. Ayres	University of Colorado, USA
K.S. Balasubramaniam	National Solar Observatory, USA
Ann Barringer	National Solar Observatory, USA
Emile Biémont	Université de Liège, Belgium
Ronny Blomme	Koninklyke Sterrenwacht van Belgie, Belgium
James W. Brault	National Solar Observatory, USA
Edward S. Chang	University of Massachusetts, USA
Thomas A. Clark	University of Calgary, Canada
Howard Cohl	National Solar Observatory, USA
John Cook	Naval Research Laboratory, USA
Emilia Correia	Escola Politecnica Saõ Paulo, Brazil
Tron A. Darvann	University of Olso, Norway
Detlev Degenhardt	Universitäts-Sternwarte Göttingen, Germany
Drake Deming	NASA Goddard Space Flight Center, USA
Leonid Didkovsky	Crimean Astrophysical Observatory, Ukraine
George A. Dulk	University of Colorado, USA
Oddbjørn Engvold	University of Oslo, Norway
Malcolm Ewell, Jr.	California Institute of Technology, USA
Roberto Falciani	University of Florence, Italy
Crofton Farmer	Jet Propulsion Laboratory, USA
Giovanni G. Fazio	Harvard Smithsonian Center for Astrophysics, USA
Bernhard Fleck	Universität Würzburg, Germany
Peter V. Foukal	Cambridge Research and Instrumentation, USA
Daniel Gezari	NASA Goddard Space Flight Center, USA
Mark Giampapa	National Solar Observatory, USA
J. Elon Graves	University of Hawaii, USA
Nicolas Grevesse	Université de Liège, Belgium
Craig Gullixson	National Solar Observatory, USA
Paul Hartmann	National Solar Observatory, USA
Jack Harvey	National Solar Observatory, USA
Karen L. Harvey	Solar Physics Research Corporation, USA
Samuel L. Hensel, Jr.	Electronic Space Systems Corporation, USA
D. Hoang-Binh	Observatoire de Paris, France
Klaus W. Hodapp	University of Hawaii, USA
Hugh S. Hudson	University of California San Diego, USA
David Jaksha	National Solar Observatory, USA
John T. Jefferies	National Solar Observatory, USA
Donald Jennings	NASA Goddard Space Flight Center, USA
Sveneric Johansson	University of Lund, Sweden
Harrison Jones	NASA Southwest Solar Station, USA
Richard Joyce	Kitt Peak National Observatory, USA

Pierre Kaufmann	Escola Politecnica Saõ Paulo, Brazil
Stephen L. Keil	Air Force Phillips Laboratory, USA
Iraida S. Kim	Sternberg State Astronomical Institute, Russia
Greg Kopp	National Solar Observatory, USA
Valeri Kotov	Stanford University, USA
Serge Koutchmy	Institut d'Astrophysique, France
Jeffrey Kuhn	Michigan State University, USA
Krishna Kumar	Howard University, USA
Mukul R. Kundu	University of Maryland, USA
Robert L. Kurucz	Harvard-Smithsonian Center for Astrophysics, USA
Yolande Leblanc	University of Colorado, USA
John Leibacher	National Solar Observatory, USA
Haosheng Lin	Michigan State University, USA
Charles Lindsey	Solar Physics Research Corporation, USA
William Livingston	National Solar Observatory, USA
Eric Low	Infrared Laboratories, Inc., USA
Günter Lustig	Institut für Astronomie Graz, Austria
Robert M. MacQueen	Rhodes College, USA
Per Maltby	University of Oslo, Norway
Ciro Marmolino	Universita di Napoli, Italy
George McCabe	NASA Goddard Space Flight Center, USA
M. R. McPherson	Michigan State University, USA
Laurence November	National Solar Observatory, USA
Pavel G. Papshev	Institute of Solar-Terrestrial Physics, Russia
Vahé Petrosian	Stanford University, USA
Claude Plymate	National Solar Observatory, USA
Douglas Rabin	National Solar Observatory, USA
Kevin Reardon	Williams College, USA
Steven Ridgway	Kitt Peak National Observatory, USA
François Roddier	University of Hawaii, USA
Li Rufeng	Yunnan Observatory, Kunming, China
V. Rušin	Astronomical Institute, Czechoslovakia
Robert Rutten	Sterrekundig Instituut, The Netherlands
Steven Saar	Harvard-Smithsonian Center for Astrophysics, USA
Antonio Sanchez-Ibarra	Centro de Investigacion en Fisica, Mexico
A. Jacques Sauval	Observatoire Royal de Belgique, Belgium
Kiyoto Shibasaki	Nobeyama Radio Observatory, Japan
Ian Short	University of Toronto, Canada
K. Sinha	Uttar Pradesh State Observatory, India
Raymond Smartt	National Solar Observatory, USA
Sami Solanki	Institut für Astronomie Zürich, Switzerland
Robert Stein	Michigan State University, USA
Oskar Steiner	Kiepenheuer-Institut für Sonnenphysik, Germany
Yoshinori Suematsu	National Astronomical Observatory, Tokyo, Japan
Eric V. Tollestrup	Harvard-Smithsonian Center for Astrophysics, USA
Jeremy Wagner	National Solar Observatory, USA

Lloyd Wallace  
Stephen White  
Guenter Wiedemann  
Hubertus Wöhl  
Igor Zayer  
Harold Zirin

Kitt Peak National Observatory, USA  
University of Maryland, USA  
European Southern Observatory, Germany  
Kiepenheuer Institut für Sonnenphysik, Germany  
Lockheed Palo Alto Research Laboratory, USA  
California Institute of Technology, USA
