AIMS AND SCOPE

The European Business Organization Law Review aims to promote a scholarly debate which critically analyses the whole range of organizations chosen by companies, groups of companies, and state-owned enterprises to pursue their business activities and offer goods and services all over the European Union. At issue are the enactment of corporate laws, the theory of the firm, the theory of capital markets and related legal topics.

Editorial policy

The journal encourages submissions from lawyers, both academic and practitioners, and economists. Contributions of authors from other disciplines, such as political and social scientists, are welcome. Occasionally, policy makers and business people will be invited to express their opinion within their fields of expertise. Theoretical and applied works are equally considered. Articles will be subjected to a review procedure. Accepted manuscripts will be edited, if necessary, to enhance their effectiveness. In case of extensive editing the approval of the author will be sought prior to typesetting.

Submission of manuscripts

Manuscripts should be submitted to the Editor, accompanied by an assurance that the article has not been published or accepted elsewhere. However, exceptional contributions originally written in other languages may be considered for publication in proximity to their publication in that other language.

The articles should be comprehensible to readers outside the specific field of expertise. Special terms and abbreviations should be clearly defined. Manuscripts should range between 3000 and 10000 words and be prefaced by an abstract of no longer than 200 words. Contributors are requested to submit one hard copy of their manuscript and a diskette (preferably Word for Windows). Alternatively, manuscripts may be sent by e-mail (Word for Windows and rtf, rich text format attachments). A hard copy would only be requested if necessary.

Copyright

The acceptance of a manuscript for publication implies that the author assigns to the publisher the copyright to the contribution whereby the publisher shall have the exclusive right to publish it everywhere during the full term of copyright and all renewals and extensions thereof. These rights include mechanical, electronic and visual reproduction, electronic storage and retrieval; and all other forms of electronic publication including all subsidiary rights.

The author retains the right to republish the article in any other publication one year after its publication in the journal, provided only that the author notifies the Publisher and ensures that that the Publisher is properly credited and that the relevant copyright notice is repeated verbatim.
