Manuscripts

The China Quarterly welcomes the submission of manuscripts from scholars, including research students, on all aspects of contemporary China and from all points of view, including those which deal with Taiwan and the Overseas Chinese. Articles on China prior to 1949 are also welcome, particularly, but not exclusively, when these relate directly to contemporary China or to the history of the Chinese Communist Party. Articles should be submitted, in triplicate, to the editorial office. They should be typed in double spacing, footnotes being placed at the end of the article; preferably conform to the styling of *The China Quarterly*; and normally not exceed 8–10,000 words in length. A style sheet is available upon request. Submission of a manuscript is taken to imply that it has not previously been published and that it is not currently being considered elsewhere.

The China Quarterly is published by the School of Oriental and African Studies, London University. The views expressed in articles are those of individual authors and do not necessarily represent the views of the School.
