No. 6.

	Page.
Annual Meeting at Plymouth	xvii
The President's Address... ..	193
GUNN. On a new form of Phosphorite	209
HALL. On the Minerals of North Devon	212

NUMBERS 1 to 5 CONTAIN

	Page.
HALL. Note upon a portion of Basalt from Mid-Atlantic (Illustrated) ...	1
STODDART. Celestine in the Keuper marls	4
FOSTER. New Minerals and Mineral localities in Cornwall and Devon ...	8
COLLINS. New Minerals from West Phenix Mine, and from St. Agnes ...	11
COLLINS. Occurrence of Scorodite, Pharmacosiderite and Olivenite in Greenstone at Terras Mine, St. Stephens	16
VIVIAN. Paragenetic formations of carbonate of lime and oxide of iron, and of quartz and oxide of iron, at the Mwyndy iron mines, Glamorganshire (Illustrated)	18
FOSTER. New form of Blowpipe Lamp (Illustrated)	20
DUDGEON. Occurrence of Gold in the South of Scotland,	21
HEDDLE. How and where to collect Minerals in Scotland	29
SORBY. Consolidation of granitic rocks	41
HAUGHTON. Principle of least paste	46
CHURCH. An old Catalogue of Minerals (Illustrated)	48
CHURCH. Manganese in the Sea	50
LIVESIDGE. Laumontite from New South Wales	54
COLLINS. Achroite from Rock Hill (Illustrated)	55
HALL. The Val d' Anniviers	61
COLLINS. Gramenite from Smallacombe, and the Chloropal Group of Minerals	67
FOSTER. On some New Mineral Localities in Cornwall and Devon	73
FOSTER. A Defence of Turner's method of Detecting Boracic Acid	77
RÜDLER. On two new species recently described by Prof. von Lasaulx ...	81
READWIN. Note on Doubtful Minerals	84
HEDDLE. Analysis of Stilbite of an unusual form, from Farøe	91
SORBY. On a simple method for determining the index of refraction of small portions of Transparent Minerals	97
CHURCH. Analysis of a Serpentine from Japan	99
HANNAY. On the Magnetic Constituents of Rocks and Minerals	101
HANNAY. Examination of the Hydrrous Constituent in Minerals	106
HANNAY. On an easily constructed form of Reflecting Goniometer	110
DAVIES. Notes on Vauquelinite from Scotland, and Cantonite from Cornwall	112
COLLINS. Note on certain Black Quartz Crystals from Boscawell Downs, Cornwall	115
VIVIAN. Further notes on the Oxides of Iron, enclosed in Quartz, at Mwyndy, Glamorganshire	117
WARD. Notes on the Occurrence of Chlorite among the Lower Silurian Volcanic Rocks of the English Lake District	119
MELLO. Note on a peculiar form of Quartz Crystals from Australia	123
HOW. Notes on some North American Pyrrhotites, and other Minerals containing Nickel... ..	124
STEENSTRUPP. On the Metallic Iron of Disko (Illustrated)	143
HANNAY. On Arsenargentite, Plumbomangite, and Youngite (Illustrated) ...	149
HANNAY. On Bowlingite	154
READWIN. On Mineral Growth	158
CORRESPONDENCE AND ABSTRACTS, REVIEWS AND NOTICES.
