**THE LEGAL NEEDS OF THE PUBLIC:  
THE FINAL REPORT OF A NATIONAL  
SURVEY,** by **Barbara A. Curran**, Senior Research Attorney,

American Bar Foundation. A joint undertaking of the American Bar Foundation and the American Bar Association's Special Committee to Survey the Legal Needs of the Public.

Publication date: February 1977

Publication price: \$25.00

Pre-publication price: \$20.00\* on all orders  
received before March 1, 1977

This first comprehensive survey of legal needs addresses the questions:

To what extent do people have problems for which  
legal services may be useful?

What is the extent of use and nonuse of lawyers?

What is the nature of the use?

What kinds of lawyers are sought?

How are they chosen?

What is the public's reaction to legal costs?

What are the attitudes of the public toward lawyers  
and toward the legal system generally?

These and many other questions are examined not only for the public at large but also for various demographic subgroups based on age, race, sex, education, income, occupation, geographic location, and combinations of these factors.

The results reported are based on statistical analyses of data obtained in one- to two-hour personal interviews with each of 2,064 Americans scientifically sampled to represent the experiences and opinions of the adult population.

**Data Manual on the Survey of the  
Legal Needs of the Public**

Also available is a two-volume manual containing a full description of the data collected and transferred to magnetic computer tapes. This manual, providing detailed information regarding the contents of these data tapes, is intended for use by responsible persons or groups who have an interest in further analysis of various aspects of the data.

2 volumes, 1977/Paper: \$100.00\*
