*Publishing the best critical  
thought in the arts and  
humanities*

---

*Critical Inquiry* has been publishing the best critical thought in the arts and humanities for over thirty years. *CI* presents articles by eminent critics, scholars, and artists on a wide variety of issues central to contemporary criticism and culture, including neo-Darwinism, the Occupy movement, affect theory, and photographic automatism. The journal's broad focus creates juxtapositions and conceptual connections that offer new grounds for theoretical debate.
