As a result of a technical error at the Publisher, the same article was erroneously published twice, once on the 19th of March, 2018 (<https://doi.org/10.1192/bji.2017.37>), and again on the 23rd of April, 2018. Subsequently it is necessary to retract the second appearance of the article in favour of the first for there to be a single version of record, though there is no issue with the article

itself. Cambridge University Press sincerely apologise to the authors and readers for this mistake.

The authors would like to make two corrections to the above paper.

1. The correct affiliation details for Mariana Pinto Da Costa are as follows:
Mariana Pinto Da Costa, MD, MSc, PhD, Consultant Psychiatrist at South London and Maudsley NHS Foundation Trust and Senior Lecturer at the Institute of

Psychiatry, Psychology & Neuroscience, King's College London, London, UK

2. The correct wording in the declaration of interests should be “MPC is a member of the Editorial Board of The British Journal of Psychiatry and of BJPsych Advances” and “HE is a member of the Editorial Board of the British Journal of Psychiatry International”.

The authors apologise for these errors.
