

# WHERE MYTH - MEETS DEPTH

## Pacifica Graduate Institute's Program in Mythological Studies

### WITH EMPHASIS IN DEPTH PSYCHOLOGY

is a doctoral program designed as an integrated M.A./ Ph.D. sequence that explores the understanding of human experience revealed in mythology, and in the manifold links between myth and ritual, literature, art, and religious experience. Special Attention is given to depth psychological and archetypal approaches to the study of myth.

## AMERICAN CHRISTIANITIES

*A History of Dominance and Diversity*

EDITED BY CATHERINE A. BREKUS  
AND W. CLARK GILPIN

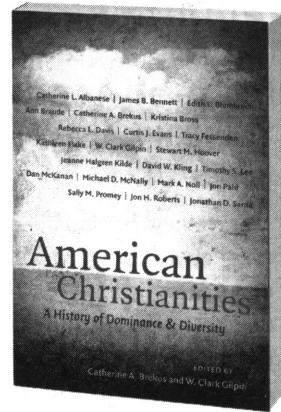

"An outstanding volume that will be ideal for undergraduate and graduate classes in religious studies and American studies. This collection of essays provides readers with a renewed appreciation for the many ways that American Christianities have shaped culture, politics, social life, and worldviews while illuminating corners of American Christianity that have been missing from mainstream scholarship."

—**Diane Winston**, University of Southern California

"This anthology is here to stay. All of the essays in this volume represent original scholarship, all deal with topics of broad scope and enduring significance, and almost all of the authors are senior figures widely respected for their command of their specialties. Brekus's and Gilpin's sixteen-page introduction alone is worth the price of admission. This work will serve admirably for students, scholars, and thoughtful browsers who desire vivid descriptions and clear analyses of the contours of the American Christian landscape."

—**Grant Wacker**, Duke University

544 pages \$75.00 cloth / \$34.95 paper

## INTO THE PULPIT

*Southern Baptist Women and Power since World War II*

ELIZABETH H. FLOWERS

"Flowers tells an important story about debates over feminism in the Southern Baptist Convention. Her sharp, consistent focus helps readers to see the utter ubiquity of women's issues in one very important source of conservative evangelical culture."

—**Margaret Bendroth**, Executive Director, Congregational Christian Historical Society

288 pages \$47.50 cloth

## DIXIE DHARMA

*Inside a Buddhist Temple in the American South*

JEFF WILSON

"This truly excellent work brings to the fore the undeniable importance of regionalism in the study of Buddhism in America. It should not only reconfigure the field, but it should also cross over and influence the broader fields of American religion and religion in the South."

—**Peter N. Gregory**, Smith College

304 pages \$36.95 cloth

## MYSTICAL DIMENSIONS OF ISLAM

ANNEMARIE SCHIMMEL

35th Anniversary Edition

*With a New Foreword by Carl W. Ernst*

"Beautifully written. . . . The best and most comprehensive study on Islamic mysticism in the English language."

—**Religious Studies Review**

544 pages \$29.95 paper

## **Gospel According to the Klan**

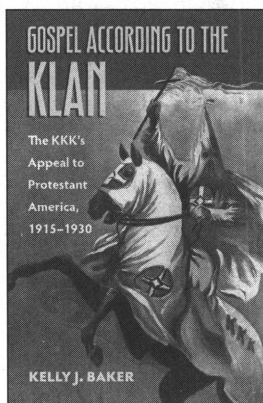

**The KKK's Appeal to Protestant America, 1915–1930**

Kelly J. Baker

“A brave new book. Baker has exposed something about American cultural history that many of us may not wish to see: namely, that both religion and mainstream society participate in the ugly, even violent, side of American nationalism.”—*ReligionNerd.com*

“An original and sobering work. In the present age, when we may no longer pretend that the lines between violent fanaticism and religious fervor are clearly discernible, this book makes a timely and urgent intervention. Hatred may have more to do with religion than we care to acknowledge.”—David Morgan, author of *Protestants and Pictures: Religion, Visual Culture, and the Age of American Mass Production*

342 pages, 27 photographs, Cloth \$34.95

## **The Look of Catholics**

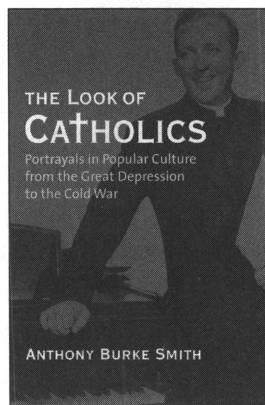

**Portrayals in Popular Culture  
from the Great Depression to the  
Cold War**

Anthony Burke Smith

“A compelling read that provides a new perspective on how Catholicism and American popular culture have interacted, and often merged, over the last seventy years.”

—Peter Gardella, author of *American Angels: Useful Spirits in the Material World*

EDITED BY DEREK PENSLAR,  
AND STEVEN J. ZIPPERSTEIN

*Jewish Social Studies* plays an important role in advancing the understanding of Jewish life and the Jewish past. Key themes are issues of identity and peoplehood, the vistas opened by the integration of gender as a primary category in the study of history, and the multiplicities inherent in the evolution of Jewish societies and cultures around the world and over time.
