## Caught

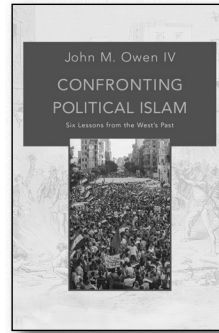

The Prison State and the Lockdown of American Politics

*Marie Gottschalk*

“Gottschalk’s book is a tour de force. *Caught* constitutes a searing critique of current incarceration policies and prevailing approaches to prison reform. It is brilliantly argued, breathtakingly capacious in its informational reach, and intellectually bold. A stunning achievement.”

—Mary Fainsod Katzenstein,  
Cornell University

Cloth \$35.00

## Confronting Political Islam

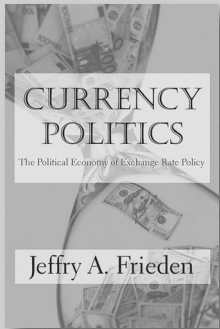

Six Lessons from the West’s Past

*John M. Owen IV*

“Owen is generous, rational and balanced. . . . [H]e is astute enough to understand the vast real-world differences that block the resolution of conflict.”

—*Publishers Weekly*

Cloth \$29.95

## Currency Politics

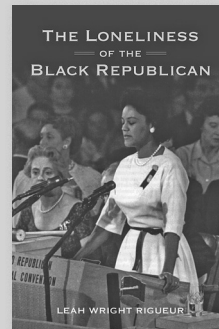

The Political Economy of Exchange Rate Policy

*Jeffrey A. Frieden*

“This excellent book is for anyone who has ever wondered about the origins of the Eurozone, the causes of the currency crises, and the importance of the classical gold standard. Frieden combines lively historical narratives with statistical analyses to show that currency politics are pretty much the same across time and space. No other author could bring out the common threads running through the book’s cases so clearly.”

—J. Lawrence Broz, University of San Diego

Cloth \$39.95

## The Loneliness of the Black Republican

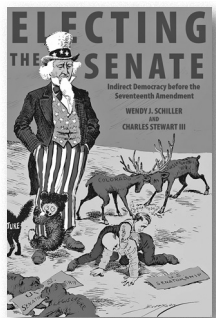

Pragmatic Politics and the Pursuit of Power

*Leah Wright Rigueur*

“No previous book has analyzed the role of African Americans in the Republican Party in such a thematically and chronologically diverse manner, and it challenges us to rethink the party’s history. Developing a distinctive and interesting argument, this book is important not only for historians, but for Americans generally.”

—Robert Mason, University of Edinburgh

Cloth \$35.00

## Electing the Senate

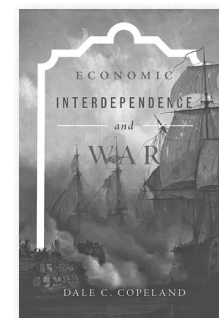

Indirect Democracy before the Seventeenth Amendment

*Wendy J. Schiller & Charles Stewart III*

“This is a fine book by two of the most accomplished and able scholars studying the U.S. Congress. Their findings will undoubtedly become the definitive work on how the indirect election of U.S. senators by individual state legislatures influenced the upper chamber of Congress and American politics.”

—Richard Benschel, Cornell University

Paper \$29.95 Cloth \$95.00

## Economic Interdependence and War

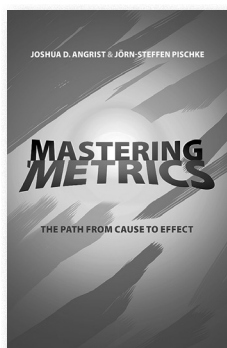

*Dale C. Copeland*

“This impressive and important book has a serious historical backbone, a relentlessly analytical approach, and grand theoretical ambition. It joins the canon of books in international relations that explore the crucial questions arising from the intersection of international security and international political economy.”

—Timothy Crawford, Boston College

Paper \$32.95 Cloth \$95.00

## Mastering Metrics

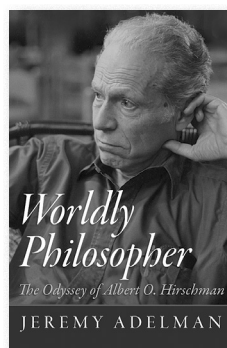

The Path from Cause to Effect

*Joshua D. Angrist &  
Jörn-Steffen Pischke*

“Focusing on five econometric tools, *Mastering Metrics* presents key econometric concepts. Any field that uses statistical techniques to conduct causal inference will find this book useful.”

—Melvyn Weeks, University of Cambridge

Paper \$35.00 Cloth \$79.50

## Worldly Philosopher

The Odyssey of Albert O. Hirschman  
*Jeremy Adelman*

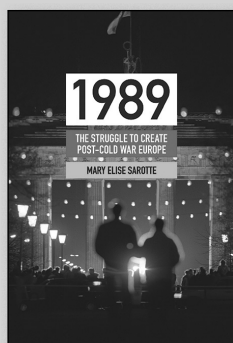

“A biography worthy of the man. Adelman brilliantly and beautifully brings Hirschman to life, giving us an unforgettable portrait of one of the twentieth century’s most extraordinary intellectuals. . . . [M]agnificent.”

—Malcolm Gladwell, *New Yorker*

“A massive, erudite biography.”

—Roger Lowenstein, *Wall Street Journal*

Paper \$24.95

## 1989

The Struggle to Create Post-Cold War Europe

New and Revised Edition

*Mary Elise Sarotte*

*With a new afterword by the author*

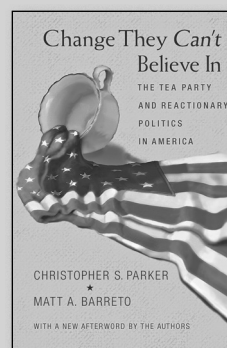

“A great virtue of Mary Elise Sarotte’s *1989* is that she makes the problem of hindsight bias explicit, and systematically explores the roads not taken.”

—Timothy Garton Ash, *New York Review of Books*

“A hugely impressive study.”

—Gerard DeGroot, *Washington Post*

Paper \$19.95

## Change They Can't Believe In

The Tea Party and Reactionary Politics in America

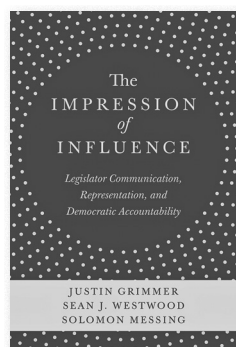

*Christopher S. Parker &  
Matt A. Barreto*

*With a new afterword by the authors*

“[This] statistically informed analysis helps us understand the Tea Party’s priorities, its fervor, and its contempt for compromise.”

—Glenn C. Altschuler, *Huffington Post*

Paper \$24.95

## The Impression of Influence

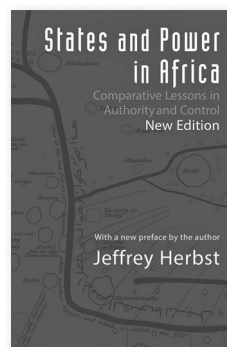

Legislator Communication, Representation, and Democratic Accountability

*Justin Grimmer, Sean J. Westwood  
& Solomon Messing*

“*The Impression of Influence* throws new light on the credit-claiming behavior of members of the U.S. House. The topical book makes a strong case for the idea that politicians need to generate the impression that they are cooking up benefits for those back home.”

—David Mayhew, Yale University

Paper \$29.95 Cloth \$95.00

## States and Power in Africa

Comparative Lessons in Authority and Control

New Edition

*Jeffrey Herbst*

*With a new preface by the author*

“This ambitious and original book turns a comparative historical lens on state-building in Africa. . . . A brave effort to rethink some outdated approaches to fundamental problems.”

—*Foreign Affairs*

Paper \$29.95 Cloth \$95.00

## American Government

### AMERICAN GOVERNMENT: ENDURING PRINCIPLES, CRITICAL CHOICES

#### Third Edition

Marc Landy • Sidney M. Milkis  
ISBN 9781107650022 | 424 pp. | \$75

See more at [www.cambridge.org/landy](http://www.cambridge.org/landy)

Marc Landy and Sidney Milkis present American politics as a dramatic narrative of conflict and change, adopting an American Political Development approach in order to show how the past, present, and visions of the future interact to shape governing institutions and political forces. This developmental approach provides a richer context for the appreciation and understanding of the whole gamut of attitudes, behaviors, organizational activities and institutional relationships that comprise American political and governmental life. The authors strongly emphasize the role of ideas: The two key political development principles of path dependency and critical choice are central to explaining how and why the past affects the present and future.

## Comparative Politics

### COMPARATIVE POLITICS: INTERESTS, IDENTITIES, AND INSTITUTIONS IN A CHANGING GLOBAL ORDER

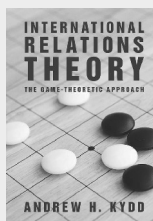

#### Fourth Edition

Jeffrey Kopstein • Mark Lichbach • Stephen E. Hanson  
ISBN: 9780521135740 | 630 pp. | \$79.99

See more at [www.cambridge.org/lkopstein4e](http://www.cambridge.org/lkopstein4e)

*Comparative Politics* by Kopstein, Lichbach, and Hanson is guided by the question “why are countries ruled and governed so differently?” *Comparative Politics* underscores the global and historical context of political development and examines the diverse pathways that key countries around the world have taken in their quest to adapt to the competitive pressures of 21st-century globalization. Twelve in-depth country studies—written by leading scholars with expertise ranging across the political economies, ideologies, and histories of societies on every continent capture the main currents in comparative politics—explore how the major analysis concepts of interests, identities, and institutions shape the politics of nations and regions. The presentation clear and straightforward, free of heavy-handed jargon.

## International Relations

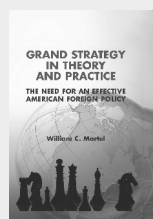

### INTERNATIONAL RELATIONS THEORY: THE GAME-THEORETIC APPROACH

Andrew H. Kydd  
ISBN: 9781107694231 | 248 pp. | \$49.99

See more at [www.cambridge.org/kydd](http://www.cambridge.org/kydd)

*International Relations Theory* provides a unified introduction to the rationalist approach to international relations. It covers state preferences, normal form games, bargaining, uncertainty and communication, multilateral cooperation and the impact of domestic politics. Written for advanced undergraduate and graduate students, this is the first textbook on international relations theory to take a specifically game theoretic approach to the subject and provide the material needed for students to understand the subject from its basic foundations to more complex models.

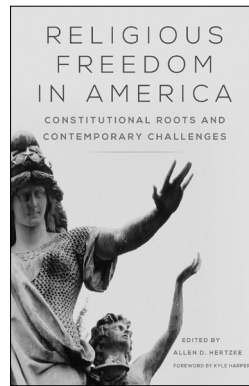

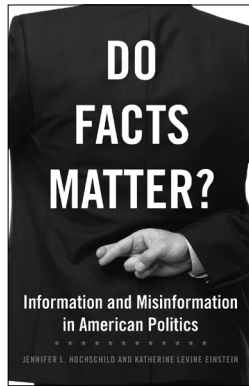

### GRAND STRATEGY IN THEORY AND PRACTICE: THE NEED FOR AN EFFECTIVE AMERICAN FOREIGN POLICY

William C. Martel  
ISBN 9781107442214 | 530 pp. | \$38.99

See more at [www.cambridge.org/9781107442214](http://www.cambridge.org/9781107442214)

This advanced text on American foreign policy develops an understanding of how grand strategy has evolved on three levels of analysis: the international system, the character of the nation-state, and its domestic political system and culture. The narrative explores the theory and practice of grand strategy in order to articulate the United States' past, present, and future purpose and position on the world stage. Martel examines in detail how grand strategy evolved in American foreign policy as a tension between domestic and foreign policy priorities.

## **DO FACTS MATTER?**

### **Information and Misinformation in American Politics**

By Jennifer Hochschild and Katherine Levine Einstein  
\$29.95 HARDCOVER · 248 PAGES

A democracy falters when most of its citizens are uninformed or misinformed, when misinformation affects political decisions and actions, or when political actors foment misinformation—the state of affairs the United States faces today, as this timely book makes painfully clear. In *Do Facts Matter?* Jennifer L. Hochschild and Katherine Levine Einstein start with Thomas Jefferson’s ideal citizen, who knows and uses correct information to make policy or political choices. What, then, the authors ask, are the consequences if citizens are informed but do not act on their knowledge? More serious, what if they do act, but on incorrect information?

## **RELIGIOUS FREEDOM IN AMERICA CONSTITUTIONAL ROOTS AND CONTEMPORARY CHALLENGES**

Edited by Allen D. Hertzke  
\$45.00 HARDCOVER · \$24.95 PAPERBACK  
288 PAGES · 6 CHARTS

Religious freedom, anchored in conscience rights, is foundational to the U.S. democratic experiment.

The question of what freedom of conscience means—what its scope and limits are, according to the Constitution—sparks often-heated debate.

At a moment when such questions loom ever larger in the nation’s contentious politics, this timely book offers invaluable historical, empirical, philosophical, and analytical insight into the American constitutional heritage of religious liberty.

## Centennial Center for Political Science & Public Affairs

### 2014-2015 Opportunities

#### About the Centennial Center

Since 2003, the APSA Centennial Center for Political Science & Public Affairs encourages individual research and writing in all fields of political science, facilitates collaboration among scholars working within the discipline and across the social and behavioral sciences and humanities, and promotes communication between scholars and policymakers. Through its Washington, DC facilities and endowed funding programs, the Centennial Center 'celebrates the past by investing in the future.'

The Center, its residential facilities, and supplemental awards are made possible in part through the generous donations of APSA members. To learn more about supporting the Centennial Center or holding an event in Washington, please contact [centennial@apsanet.org](mailto:centennial@apsanet.org).

In 2014-2015, the Centennial Center will provide **Residential Research Fellowships** at the APSA national offices in Washington, DC, and **Supplemental Research Awards** to scholars conducting research anywhere in the world.

#### Residential Research Fellowships

The Center assists scholars from the United States and abroad whose research and teaching would benefit from a stay in Washington, DC and access to the incomparable resources that are available in the nation's capital. The Center hosts up to seven scholars for extended periods of time, ranging from weeks to months. Space for shorter "drop-in" stays is also available. Scholars are expected to pursue their own research and teaching projects and contribute to the intellectual life of the residential community by sharing their work with Center colleagues in occasional informal seminars.

Located within the Association's headquarters building near Dupont

Circle, with easy access to the Washington Metro system, the Center offers visiting scholars furnished shared work space, telephone, fax, personal computers, Internet connection, conference space, a reference library, and library access at the George Washington University.

#### Supplemental Research Awards

Open to APSA members, the Center also provides supplemental research awards to support scholars working at the Centennial Center or other research locations.

In 2014-2015, funds will support direct research costs, travel to APSA and other academic meetings, joint research projects, and

programs to assist early career scholars in publishing their research. To learn about eligibility, how to apply, and more please visit [www.apsanet.org](http://www.apsanet.org) or email [centennial@apsanet.org](mailto:centennial@apsanet.org).

*"The Centennial Center has given me an excellent base in Washington. I can't imagine how stressful my sabbatical would have been without all the support."*

**William Muir**, *University of California, Berkeley*

If you want students to really understand the concept of power, moving beyond a survey book's quick discussion of Lasswell's "who gets what, when, how," Muir's thoughtful **Freedom in America** is the book for you. Exploring the words and ideas of such thinkers as Tocqueville, Madison, Jefferson, and Hamilton, Muir discusses the nature and limits of three types of power—coercive, reciprocal, and moral—and then uses this framework to explain how American political institutions work and why Americans behave the way they do.

*"Muir is one of the most astute, wisest, and profound scholars of the last 50 years. He is America's 'Tocqueville for the 2000's' and this is his **Democracy in America**. It draws on a lifetime of learning and reflection. **Freedom in America** is a very important, brilliant, and memorable work that will live for decades to come."*

— John J. DiIulio, *University of Pennsylvania*

*"**Freedom in America** will challenge readers to appreciate the American political system. Exceptionally well written. Beautifully written, in fact. Muir is a master craftsman. Thoughtful, analytical, original, insightful—and intellectually balanced."*

— William Parente, *University of Scranton*

*"I think it is safe to say that no political scientist has produced a book like **Freedom in America**. No one brings together disparate yet relevant materials like Muir. The breadth of his knowledge of political philosophy, classic fiction, American and European history, economic theory, and practical politics shines through in this book. He has obviously spent a great deal of time (a lifetime) thinking about how and why Americans continue to enjoy a degree of liberty only grasped at in other parts of the world."*

— Kathleen Uradnik, *St. Cloud University*
