# LAW IN A GLOBAL CONTEXT

The accelerating globalization of law and legal practice places important new demands on legal education. At BC Law, our Global Law Program trains students for the needs of today, while giving them the skills and perspectives that anticipate the needs of tomorrow -- all delivered by a world-class faculty.

#### Fostering Student Engagement with the World

- Specialities in: international business and commercial law, international environmental law, intellectual property, international taxation, and international human rights law
- International Semester-in-Practice Externship & Exchange Programs
- Clough Center for the Study of Constitutional Democracy
- Immersive LLM Program for International Lawyers
- Center for Human Rights & International Justice
- International Joint Degrees
- Visiting Scholars Program

# To the Uttermost Parts of the Earth

LEGAL IMAGINATION AND  
INTERNATIONAL POWER, 1300–1870

Martti Koskenniemi

*To the Uttermost Parts of the Earth* shows the vital role played by legal imagination in the formation of the international order during 1300–1870. It discusses how European statehood arose during early modernity as a locally specific combination of ideas about sovereign power and property rights, and how those ideas expanded to structure the formation of European empires and consolidate modern international relations. By connecting the development of legal thinking with the history of political thought and by showing the gradual rise of economic analysis into predominance, the author argues that legal ideas from different European legal systems - Spanish, French, English and German - have played a prominent role in the history of global power.

 **MIDS** GENEVA LL.M. INTERNATIONAL DISPUTE SETTLEMENT

A leading program in international dispute settlement, providing students with unparalleled theoretical knowledge and practical legal skills.

With a curriculum designed to meet the educational needs from the job market, its main features make the MIDS unique:

- **Faculty**  
Students learn from world-class professors and practitioners.
- **Alumni Network and MIDS Community**

Spread all over the world, they hold positions in top law firms, international courts like the ICJ, international organizations, arbitral institutions, justice and trade industries as well as law departments at universities. Formed not only by its alumni, the Community also includes leading professionals in the field.

- **Career Services**  
Individualized meetings, advice, mock interviews and strategy preparation to help MIDS students succeed in the field of international dispute settlement.

If you are interested in gaining a thorough understanding of international dispute settlement, then this program is for you.

# Contemporary International Law of Civilized Peoples

## General Part

*F. F. Martens*

EDITED AND TRANSLATED BY  
*William E. Butler*

Hardcover with Dust Jacket 2021  
ISBN: 978-1-61619-660-8  
\$150.

One of the greatest treatises on international law and relations written during the nineteenth century, it has two complementary parts: the *General Part*, which addresses the conceptual and

historical foundations of international law, the status of the international community, states, and individuals and territory and law of treaties, and the *Special Part*, which addresses international administration, diplomatic and consular law, human rights, private international law, international criminal law and the laws of war and neutrality. Enriched by an extensive biographical introduction, Butler's is the first English translation of this important work and the only version in any language to address changes made by the author between editions, including sections omitted in later versions.

**FEDOR FEDOROVICH MARTENS** [1845–1909] was professor of international law at St. Petersburg University, repeatedly candidate for the Nobel Peace Prize, senior legal advisor to the Ministry of Foreign Affairs and the Emperor of the Russian Empire, member of the Hague Permanent Court of International Arbitration, a principal architect of the 1899 and 1907 Hague peace conferences, an important historian of diplomacy, and the author of several major treatises on international law. A recipient of honorary doctorates at Continental and American law schools and a member of the Institute of International Law, he was elected to numerous academies of sciences, including the Russian Academy of Sciences.

## Grotius on War and Peace in English Translation

*William E. Butler*

Hardcover 2021  
ISBN: 978-1-61619-661-5  
\$95.

The seven principal English-language versions of Grotius's classic work *On the Law of War and Peace* (1625) were published between 1654 and 1928. Either by design or serendipity, each appeared on the eve of, during, or immediately after a major international conflict. All major achievements in their time, they expressed an overriding conviction that Grotian insights would enlighten present-day readers and help

to lessen the incidence and horrors of armed conflict. Drawing upon archival sources never used previously, this study considers the history of these translations and their different approaches to Grotius's complicated text.

**WILLIAM E. BUTLER** has written extensively on the history of international law and is the founding editor of *Jus Gentium: Journal of International Legal History* (2016-). He is the John Edward Fowler Distinguished Professor of Law, Dickinson Law, Pennsylvania State University, Professor Emeritus of Comparative Law in the University of London (University College London), Foreign Member, Russian Academy of Natural Sciences and Foreign Member, National Academy of Sciences of Ukraine and National Academy of Legal Sciences of Ukraine.

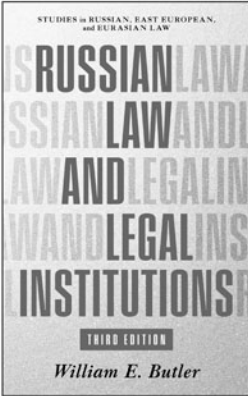

**HUGO GROTIUS** (1583–1645) was a Dutch polymath whose command of classics, humanities and law made him one of the most influential international lawyers in human history. Although he produced several seminal works, his reputation rests primarily on *De Jure Belli ac Pacis*, whose substantial and dense original Latin text was widely translated into other European languages, but none more frequently than English. The original treatise appeared during the Thirty Years War; new translations, by design or coincidence, routinely appeared at the beginning or end of later wars.

## Russian Law and Legal Institutions Third Edition

*William E. Butler*

Hardcover 2021  
ISBN: 978-1-61619-648-6  
\$135.

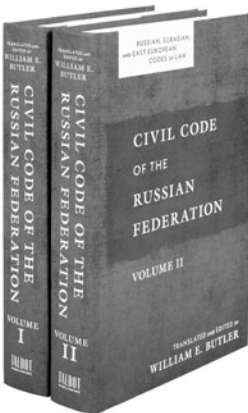

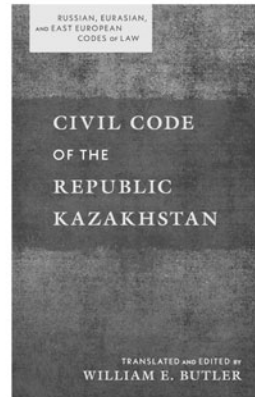

The massive amendments in 2020 to the Russian Constitution are explored in this revised and updated introduction to the historical and contemporary foundations of the Russian legal system set in the larger context of comparative legal studies.

## Civil Code of the Republic Kazakhstan

TRANSLATED AND EDITED BY  
*William E. Butler*

Hardcover 2021  
ISBN: 978-1-61619-649-3  
\$150.

A key document for any foreign investor, this influential code is of considerable interest to the international and comparative law community as a leading Central Asian model for a legal system in transition from the socialist legal tradition.

## Civil Code of the Russian Federation

TRANSLATED AND EDITED BY  
*William E. Butler*

2 Vols. Hardcover 2021  
ISBN: 978-1-61619-652-3  
\$250.

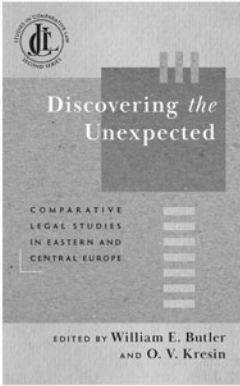

Since its inception, this code has been called the “economic constitution” of the transition to a market-oriented economy. Frequently amended and increasingly sophisticated, it is without rival as the key document for the legal practitioner or foreign investor.

## Discovering the Unexpected

Comparative Legal Studies in Eastern and Central Europe

EDITED BY  
*William E. Butler* AND *O. V. Kresin*

Hardcover 2021  
ISBN: 978-1-61619-655-4  
\$150.

Comparative lawyers from Belarus, Turkish Republic of Northern Cyprus, Czech Republic, Hungary, Poland, Romania, Russia, Ukraine and the United States explore the contributions of Eastern and Central European comparatists, mostly unknown outside the region, in 25 essays addressing individuals, processes and institutions from the sixteenth century to recent times.

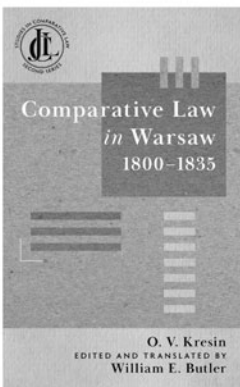

## Bentham Around the World

EDITED BY  
*Simon Palmer* AND *Zhai Xiaobo*

Hardcover 2021  
ISBN: 978-1-61619-656-1  
\$95.

Authors from around the world explore how Bentham's program of legal and political reform was disseminated in the United States, France, Germany, Japan, Russia, China, Italy, Spain and Australia. Issues shared amongst the authors include the role of Dumont's redactions in the early international reception of Bentham's thought, ways Bentham's theories of law and government affected political cultures with natural law leanings and the apparent plasticity of Bentham's thinking, from which both liberal and authoritarian traditions have tried to profit.

## Comparative Law in Warsaw 1800-1835

*O. V. Kresin*

TRANSLATED AND EDITED BY  
*William E. Butler*

Hardcover 2021  
ISBN: 978-1-61619-658-5  
\$95.

Examines the genesis of comparative legal studies in Poland, and Polish contributions to that field, from the 1770s to the early 1800s. During this fertile period, which included the Partitions of Poland and the Napoleonic Wars, Polish jurists developed a keen interest in French and German legal thought and debated the appropriate balance of imported and autochthonic law, the proper role of legal education, the development of a legal consciousness and the social role of the jurist.
