

NOW READY

RELIGIOUS SISTERS

At last, after many production delays, 'Religious Sisters' is now ready. The book consists of a series of essays on the true foundations and principles of the life of the religious orders, and how to apply them or adapt them to modern conditions. Sisters of active orders in particular, have found the speed of contemporary life combined with the mistaken feeling that they belong to an outmoded past, has prevented an increase in vocations. This volume was written by a group of French priests gathered in conference to offer assistance to sisters of their own country, and the French edition has met with a great success. Of real value to everyone interested in the religious life.
