Screening For Hidden

RESISTANCE

NOW AVAILABLE

from Infectio Diagnostic (IDI)

IDI-MRSA™

Helps Minimize Transmission of Nosocomial Infection

Next in IDI's series of fast and accurate DNA-based diagnostic tests, IDI-MRSA™ :

- detects methicillin resistance in *Staphylococcus aureus*
- eliminates false positives from coagulase-negative staphylococci

One test provides all the answers

- **Speed:** results in *1 hour*
- **Simplicity:** direct from a nasal swab
- **Sensitivity:** 93%
- **Specificity:** 96%

Using real-time PCR *Smart Cycler®* automated analysis, IDI's breakthrough assay eliminates the need for labor-intensive, time-consuming culture detection, offering an extremely effective way to reduce:

- MRSA-related morbidity and mortality
- the financial burden associated with managing MRSA infections

IDI-MRSA™

Revolutionizing Screening Practices

For more information, or to obtain a complimentary **IDI-MRSA™** information insert, please contact our local distributor:

EpiQuest®

“Making Time for Prevention”

THE Healthcare Epidemiology Software!

EpiQuest® is for Safe Environment Challenges; Infection Surveillance, Prevention & Control; Data Import-Export; Resistant Organism; Antibiotic Use; Outbreak Management, and Bioterrorism. Organize, Analyze, Graph, Benchmark internally & externally with CDC NNIS 12/03 data, and Report. EpiQuest® is for all care levels in PC/Tablet /LAN/WAN/Wireless or Cable. WIZARD helps plus queries across healthcare encounters. Meet JCAHO 2004-5 Standards using EpiQuest®. “Referred to Root Cause Analysis” can be in Actions and Outcomes of Incidents for analysis and reporting.

News Flash from London: Health Protection Agency (HPA), Center for Disease Surveillance & Control (CDSC) with Department of Health (DOH) announces the ASEPTIC (“A Systems Evaluation Project for Infection Control”) three programs to meet criteria for implementation in England. EpiQuest finished first in overall evaluator scores, the only North American software program to meet the evaluation standards, and the choice for installation in some of the most prestigious UK teaching hospitals. Steve Streed, MS, CIC, EpiQuest VP is spearheading implementation via EpiQuest Europe based in Cambridge, England.

EpiQuest® is embedded in SYBASE®.

Build your searchable library

INFECTION CONTROL AND HOSPITAL EPIDEMIOLOGY
1988-1998 CD-ROM

Full-text online
1999 TO PRESENT
available at ICHEJournal.com

Get 11 years of our journal on CD for ONLY \$59!

SHEA Member: Reg. \$147, **NOW only \$59** ■ Individual Non-Member: Reg. \$197, **NOW only \$79**
Institution: Reg. \$217, **NOW only \$99**

Simplifying your reference library is easy, with 11 years of INFECTION CONTROL AND HOSPITAL EPIDEMIOLOGY on CD-ROM. As the official journal of the Society for Healthcare Epidemiology of America (SHEA), this ready reference will allow the user to quickly and easily access articles and studies from 1988-1998 that can help put current issues of epidemiology and infection control in perspective.

Easy and Convenient CD-ROM Technology

The INFECTION CONTROL AND HOSPITAL EPIDEMIOLOGY CD-ROM takes full advantage of the latest CD-ROM technology, including:

- searchable text
- annual indexes organized by category, page number, subject, and author
- PC and Mac compatibility

The INFECTION CONTROL AND HOSPITAL EPIDEMIOLOGY CD-ROM packs an enormous amount of information in a small space at a comparably small price! Adding 11 years of this informative journal to your library is a bargain, at special prices starting as low as \$59.

Money-Back Guarantee

The Society for Healthcare Epidemiology of America is always looking for innovative ways to keep you informed of important developments in infection control and hospital epidemiology. We are sure you will refer to the information in the INFECTION CONTROL AND HOSPITAL EPIDEMIOLOGY CD-ROM often. If you aren't satisfied, we offer a 30-day money-back guarantee.*

Where Do You Begin?

NEW EDITION!

Practical Handbook for Healthcare Epidemiologists, Second Edition

Ebbing Lautenbach, MD, MPH, MSCE, *University of Pennsylvania, Philadelphia, PA* and
Keith Woeltje, MD, PhD, *Medical College of Georgia, Augusta, GA*

352 pp., Hard Cover, **Due Fall 2004**, ISBN 1-55642-677-1,
Order #16771, **\$94.95**

If you work in today's healthcare epidemiology programs you will need the latest edition of *Practical Handbook for Healthcare Epidemiologists, Second Edition*. Situations that are encountered daily can be challenging, and now the answers needed are available in one solid resource.

Updated and revised, this **best selling** handbook is concise, user-friendly and will provide practical information regarding many aspects of establishing and managing a healthcare epidemiology program.

The Society for Healthcare Epidemiology of America (SHEA) has recruited recognized leaders in the field to share their expertise. They discuss overarching goals, as well as successful strategies for handling specific situations and problems. *This is the most complete hands-on source about healthcare epidemiology and infection prevention and control.*

A straight forward and practical guide, *Practical Handbook for Healthcare Epidemiologists, Second Edition* will be critical to establishing and operating a successful healthcare epidemiology and infection control program. Students, residents, fellows, and faculty will benefit as they learn in a productive manner what to expect in their future roles.

The Society for Healthcare Epidemiology of America

Practical Handbook for Healthcare Epidemiologists

SECOND EDITION

Edited by
Ebbing Lautenbach, MD, MPH, MSCE
Keith Woeltje, MD, PhD

SLACK Incorporated

Topics Inside:

- How to negotiate with administration
- How to implement exposure workups
- Ethical decisions and application to infection control
- Extend infection control programs into long term care & outpatient facilities
- How to survive JCAHO and OSHA inspections

New to this edition:

- Patient safety
- Bioterrorism preparedness
- Antimicrobial resistance
- Hand hygiene

5-way infection control in one complete system

Only the Bardex® I.C. Complete Care™ Infection Control Foley Catheter* System including Bacti-Guard®* silver alloy coating^{1,2,3} offers complete infection control to address the 5 risk areas during catheterization.

1 Reduce risks while catheter is indwelling^{1,2,3}

2 Minimizes infection risk at the catheter-tubing junction

3 Repels bacteria and yeasts during drainage

4 Protects against retrograde bacterial migration at the outlet

5 Resists pathogen colonization at collection

Find out more about the Bardex® I.C. Complete Care™ Infection Control Foley Catheter* System.

Call 800-526-4455.
