

# ANTARCTIC SERVICE MEDAL COMMEMORATIVE

Medals shown in line art for clarity

Service Commemoratives is proud to announce the release of a commemorative for Antarctic service, to be available to all qualified men and women.

This medal is to **commemorate** Antarctic service that has not been recognised by any award.

Both this superb medal and its miniature are **STRUCK** and have a high grade bright nickel finish that will not require polishing. This is not some inexpensive casting. (The medal and ribbon suspender bar are two piece assembly for *both* the full size medal *and* the miniature.)

The medal's beautiful *watered* ribbon represents the frozen continent, the ice shelf and the Great Southern Ocean: this is a predominantly white ribbon merging into pale blue and dark blue on both edges.

This Medal is available with Clasps (bars) to denote the particulars of your Antarctic service. In this way several Clasps (bars) representing your various areas of service can all be attached to the **one** medal, as is the practice with all the various British General Service Medals.

Clasps (bars) are to be attached and rivetted to each other and to the medal ribbon suspender assembly. Clasps (bars) are of a similar construction and assembly type as used on the various British General Service Medals. This Commemorative can also be displayed without any Clasps (bars).

Neither medal mounting nor engraving services are offered or provided by Service Commemoratives. Such requests should be directed to professional medal mounting services. We can recommend such services.

Individuals and organisations may have *specially made* Clasps (bars) - minimum order of 50 - to recognise specific service (e.g. the various National stations), if such service is not already covered by the large range of Clasps (bars) now available.

This is a Commemorative - and like all other commemoratives it is unofficial. It may be worn on civilian dress.

This medal may be applied for posthumously by next of kin.
