THE CLASH OF ORTHODOXIES **Law, Religion, and Morality in Crisis**

ROBERT P. GEORGE / *Foreword by* JOHN J. DI IULIO JR.
\$24.95 cloth • 402 pages • 1-882926-62-5

Secular liberals suppose that their positions on morally charged issues are the fruit of pure reason, while those of their conservative opponents reflect an irrational religious faith. George shows that this supposition is wrong on both counts. “[A]ll the essays are aimed at a nontechnical audience, and in them the reader gets to watch a fascinating mind at work....” —*The Weekly Standard*
“*The Clash of Orthodoxies* is superbly argued, wholeheartedly, confidently, and even joyfully dedicated to exploring the intricacies of the issues in its purview.” —*National Review*

JAMES BURNHAM AND THE STRUGGLE FOR THE WORLD *A Life*

DANIEL KELLY / *Foreword by* RICHARD BROOKHISER
\$29.95 cloth • 475 pages • 1-882926-76-5 (May)

Burnham was one of the most influential anticommunist figures of the Cold War era. He first started, however, on the revolutionary Left. “This well-deserved and illuminating biography will acquaint the reader with Burnham’s life and ideas, while providing a rich social-historical analysis of his times.” —*Paul Hollander*

PRINCIPLES AND HERESIES

Frank S. Meyer & the Shaping of the American Conservative Movement

KEVIN J. SMANT / *Foreword by* M. STANTON EVANS

\$29.95 cloth • 425 pages • 1-882926-72-2 (May)

A Cold War communist-turned-conservative, Meyer’s untiring efforts to locate a principled ground for the “fusion” of the disparate strands of conservatism provided the necessary cohesion for a fractious movement to eventually sweep to power with the election of Ronald Reagan.

ON HISTORY AND OTHER ESSAYS

By Michael Oakeshott
Foreword by Timothy Fuller

In five essays, including three on historiography, one of the greatest minds in English political thought in the twentieth century explores themes central to the human experience: the nature of history, the rule of law, and the quest for power that is intrinsic to the human condition. Michael Oakeshott believed, as Timothy Fuller observes, that “the historian’s effort to understand the past without ulterior motive [is the] effort which distinguishes the historian as historian from all who examine the past for the guidance they expect it to provide about practical concerns.” The essays on history are “Present, Future, and Past,” “Historical Events: The fortuitous, the causal, the similar, the correlative, the analogous, and the contingent,” and “Historical Change: Identity and continuity.” In “The Rule of Law,” Oakeshott takes the expression to mean a particular kind of ideal human relationship. In “The Tower of Babel”—in one of two essays he wrote by the same title and on the same subject—Oakeshott discusses the various versions in which the Bible story has been told and the different circumstances which it has been used to illuminate. *On History* was originally published in 1983.

Constitutional Politics

Essays on Constitution Making,
Maintenance, and Change

**Edited by Sotirios A. Barber
and Robert P. George**

What does it mean to have a constitution? Scholars and students associated with Walter Murphy at Princeton University have long asked this question in their exploration of constitutional politics and judicial behavior. In this collection, Sotirios A. Barber and Robert P. George bring together fourteen essays by members of this Princeton group—some of the most distinguished scholars in the field. The overarching ambition of this collection is to awaken a constitutionalist consciousness in its readers—to view themselves as potential makers and changers of constitutions, as opposed to mere subjects of existing arrangements.

In addition to the editors, the contributors are Walter F. Murphy, John E. Finn, Christopher L. Eisgruber, James E. Fleming, Jeffrey K. Tulis, Suzette Hemberger, Stephen Macedo, Sanford Levinson, H. N. Hirsch, Wayne D. Moore, Keith E. Whittington, and Mark E. Brandon.

John Stuart Mill and the Religion of Humanity

Linda C. Raeder

John Stuart Mill and the Religion of Humanity introduces material that requires significant reevaluation of John Stuart Mill's contribution to the development of the liberal tradition. Raeder explores the influence of James Mill, Jeremy Bentham, Claude-Henri Saint-Simon, and Auguste Comte on John Stuart Mill's religious thought and aims. She treats Mill's *Three Essays on Religion*, discusses his participation in the Mansel controversy, and offers a new interpretation of *On Liberty and Utilitarianism*, both of which were crucial instruments in the accomplishment of his religious mission.

Hans Jonas The Integrity of Thinking

David J. Levy

Hans Jonas: The Integrity of Thinking provides the first overall account of the work of Hans Jonas. While Jonas is not the best-known thinker of the twentieth century, David J. Levy shows that he is one of the most important. Levy covers the philosopher's life and his contributions to the history of religion, philosophical biology, philosophical anthropology, ethics, and theology. Jonas's work is situated in relationship to that of his first intellectual mentor, Martin Heidegger, as well as that of such related thinkers among his contemporaries as Eric Voegelin.
