

HELP MAKE THE NORDIC JOURNAL OF LINGUISTICS BETTER KNOWN

In accordance with a suggestion made at the NAL business meeting in Reykjavik in June 1990, all members of NAL, and other readers of NLB and NJL, are encouraged to help us with proposals for how we can make NJL more widely known, read and subscribed to, inside and especially outside the Nordic countries.

The simplest type of help would be to send names and addresses of persons or institutions, who should receive NJL (and NAL) information, to one of the two addresses below.
