Liberal Leviathan

The Origins, Crisis, and Transformation of the American World Order

G. John Ikenberry

“Nobody has thought longer or deeper about the nature of the American liberal world order than John Ikenberry. Tough-minded yet visionary and optimistic, this inspirational volume should become required reading for all those tasked with the great responsibility of steering us to safety through the very choppy international waters into which we are now heading.”

—Michael Cox, London School of Economics and Political Science

Cloth \$35.00 978-0-691-12558-9

Politics and Strategy

Partisan Ambition and American Statecraft

Peter Trubowitz

“*Politics and Strategy* is a great book. It offers a big-think synthesis of the two leading categories of theories assessing foreign policy: realism and domestic politics. It then applies that synthesis in a provocative, interesting, and plausible fashion to the history of U.S. foreign policy. Trubowitz does a superb job conceptualizing and defining grand strategies and his argument is compelling, elegant, and novel.”

—Jeffrey W. Legro, University of Virginia

Worse Than a Monolith

Alliance Politics and Problems of Coercive Diplomacy in Asia

Thomas J. Christensen

“This first-rate book provides rich and nuanced detail about the interactive effects of alliance politics on all sides. Christensen is one of the few international relations scholars who can theorize with the best of the political scientists and write history like a historian.”

—Alastair Iain Johnston, Harvard University
