Formerly The International Congress of Orientalists

MEXICO CITY, AUGUST 3–8, 1976

El Colegio de México will serve as host for the Thirtieth International Congress of Human Sciences in Asia and North Africa, as the International Congress of Orientalists is now known. The Congress, to be held in Mexico City August 3-8, 1976, will be the first to have met in Latin America. The President of the Congress is Professor Graciela De la Lama, the Secretary General is Professor Jorge Alberto Lozoya, and the Adjunct Secretary is Dr. Manuel Ruiz.

History, sociology, economics, philosophy, art, literature, anthropology, and contemporary problems of Asia and North Africa will be among the main fields represented in the Congress. The program will be divided into sections, seminars, colloquia, and conferences. Sections will be divided into: (1) West Asia and North Africa, (2) Central and Northern Asia, (3) South Asia, (4) Southeast Asia, and (5) East Asia, (a) China, and (b) Japan and Korea.

**The deadline for submitting titles for the Congress program is January 1, 1976.** Summaries of not more than 200 words are due before April 1. Papers should not be longer than 15-20 minutes. The official languages of the Congress are Spanish, English, and French. All communications should be addressed to:

## FOCUS ON SOUTHEAST ASIA

### **Change and Persistence in Thai Society**

*Essays in Honor of Lauriston Sharp*

**Edited by G. WILLIAM SKINNER and A. THOMAS KIRSCH.** This book is the second of two volumes dedicated to Lauriston Sharp, Professor of Anthropology, Emeritus, at Cornell University. Reflecting the main focus of Sharp's research interests since the 1940's, the eleven essays collected here treat various aspects of the culture of the T'ai-speaking peoples of mainland Southeast Asia. Studies of Thai society as a whole are included, along with studies of local variants in central, north, and northwest Thailand as well as Laos. The essays reconstruct early historical forms of Thai culture, trace the uniquely Thai response to the forces of modernization, and seek to identify enduring patterns of Thai culture and their ramifications throughout Thai society. \$17.50

### **Social Organization and the Applications of Anthropology**

*Essays in Honor of Lauriston Sharp*

**Edited by ROBERT J. SMITH.** In this first of the two volumes dedicated to Lauriston Sharp, eleven noted anthropologists contribute original essays centering on three main themes of interest to observers of political, cultural, and social change in East Asia and the Pacific. One theme is dissatisfaction with traditional ways of handling kinship and social organization. Another is the effect of political decisions and historical developments on applied anthropology. Change through time is the third. \$14.50

# PEASANT SOCIETY IN A CHANGING ECONOMY

Comparative Development in Southeast Asia and India

GEORGE ROSEN

Stressing the possibility of revolution in the Philippines, Indonesia, and Thailand — unless significant change in their governments occurs — George Rosen suggests ways to avoid widespread human misery and social and political instability in Southeast Asia. In this interdisciplinary study, he relates the process of social and political change to that of economic development and compares the experiences of these three countries with those of India. ". . . embodies wide-ranging and imaginative scholarship on a series of very significant problems." — Milton J. Esman, Center for International Studies at Cornell University. 269 pages. \$8.95

# THE RISE OF MODERN CHINA

SECOND EDITION

**IMMANUEL C. Y. HSÜ**, Professor of History, University of California, Santa Barbara

Now in its Second Edition, *THE RISE OF MODERN CHINA* remains the definitive work on China's transformation from a traditional universal empire to a modern national state. According to Professor Hsü, the history of modern China is essentially a story of the search for a new order that would liberate China from foreign imperialism and domestic disorder and insure her place in the family of nations. These national aspirations have been largely accomplished by the Peking government within twenty-five years of its establishment so that today, China is internally united in the gigantic task of socialist transformation and externally regarded as a superpower destined to be a major shaping force of the world in the decades to come.

In this new edition, Professor Hsü expands and updates his discussion with new material on the Great Proletarian Cultural Revolution; the rise and fall of Lin Piao; the Tenth Party Congress of August, 1973, and its impact on the new power structure; and the Sino-American Detente and the triangular relations of the United States, the Soviet Union, and China.

### **From reviews of the First Edition:**

"The most comprehensive history of China yet available. . . . The book is extremely useful to the student in providing him with an up-to-date and fairly detailed bibliography on almost every aspect of modern Chinese history. The value of the bibliography is especially enhanced by the inclusion of many references to the works in Chinese and Japanese."

—W. Allyn Rickett, in *The Annals of the American Academy of Political and Social Science*

"A masterful work of scholarship tracing political, intellectual, social and economic changes that have affected every phase of Chinese life from 1600 to now and how they were precipitated, to a large degree, by influence from abroad."—*Foreign Affairs*

"A weighty entry by a leading scholar. [Hsü] has made much use of both Chinese and Western scholarship in constructing this general account of modern Chinese political history, an account overflowing with details and comprehensive in its coverage. . . . Unique in scope and level of detail."—Ernest P. Young, in *Journal of Asian Studies*

"A splendid history of modern China. . . . The book is a comprehensive and carefully documented study; it is a valuable contribution to our understanding of China."—*Virginia Quarterly Review*

## The Kuril Islands

Russo-Japanese Frontiers in the Pacific  
JOHN J. STEPHAN, University of Hawaii. Suspended along Asia's northeastern rim, the Kuril Islands have been a meeting ground for diverse peoples and cultures since prehistoric times. In recent times the rival claims of Russia and Japan for the islands have involved the United States and the People's Republic of China. Based on multi-national sources, including recently declassified documentary material, this is the first comprehensive study of the area.

## The Politics of Belonging

Political Change in Sabah and Sarawak  
MARGARET CLARK ROFF, City University of New York. Sabah and Sarawak gained independence from Great Britain in 1963 with the formation of Malaysia. This study is concerned with developments in these two Bornean states since then. The portrayal of political mobilization, the rapid establishment of political parties, and the emergence of new leaders, will be of interest to scholars in a variety of disciplines, and to those concerned with the problems of incorporating fringe groups and minorities into modern states. # ORIENTAL THOUGHT

An Introduction to the Philosophical and Religious Thought of Asia

by

Yong Choon Kim

University of Rhode Island, Kingston, Rhode Island

With a Foreword by David H. Freeman

In recent years the West has become curious about Eastern thought and has directed more attention to it. Knowledge of the ideas and beliefs of other peoples is essential for the civilized man; therefore, this book will be most informative to Western readers. The purpose of this book is to provide a basic introduction to the philosophical and religious ideas of the East. The approach is analytical, comparative, and critical. It deals with the major areas of Oriental thought: Hinduism and Buddhism in India; Confucianism, Taoism and Neo-Confucianism in China; Shamanism, Buddhism, Confucianism and Ch'ondogyo in Korea; Shinto and Buddhism in Japan. Written for those beginning the study of Oriental philosophy or Eastern religions, this book will be useful not only to introductory level students in universities and colleges, but also to the general reader who is interested in Oriental thought and culture. "... his discussions of main concepts of each religious and philosophical tradition of the East are penetrating and full of insights into the essence of each tradition."—*Doctor Chin Sei Yu, Goddard College, Plainfield, Vermont.*

### Fiction

## THE SILENT CRY by Kenzaburo Oe

*Translated by John Bester.* This daring, powerful novel by Japan's first truly modern writer skillfully blends thought and extremes of action (including adultery, mob violence and suicide) into the story of a Japanese family in search of its identity. Within the context of past and present, Oe examines a wide range of contemporary problems. "Kenzaburo Oe has reached a new pinnacle in post-war Japanese fiction."—Yukio Mishima. "Oe seems to me to have in him a touch of Dostoevsky."—Henry Miller. Awarded the Tanizaki Prize. \$10.00 Just Published

## THE WAITING YEARS by Fumiko Enchi

*Translated by John Bester.* Brilliantly etched scenes of human and domestic interplay illuminate this classic novel of life in Japan before the war. Rooted deep in female psychology, it combines a spare style that echoes the *Tale of Genji* with an acute sense of realism and character. The keen insight of its author, Japan's leading novelist and a member of the prestigious Art Academy, accents more clearly than any other work of fiction the social mores of this era and their effects upon a particular family. Awarded the Noma Prize. \$7.95

## ENCOUNTER AND EXPERIENCE: Personal Accounts of Fieldwork

*edited by André Beteille and T.N. Madan*

Twelve essays on the problems and rewards of personal experience in fieldwork by Indian, Japanese, British, and American anthropologists and sociologists working mainly in India (one among the Zuni Indians of North America). An introduction discusses the central role of fieldwork in anthropology, the development of methods from nineteenth-century "armchair scholarship" to modern "participant-observation," advocating the need for a balance between subjectivity and objectivity in interpreting data. **\$8.00**

## ESSAYS ON SOUTH INDIA

*edited by Burton Stein*

Covering a broad spectrum of knowledge and time—from archaeology to sociology, and from the Early Stone Age to the present—the authors conveniently summarize what Asian and Western scholars have learned about the history and culture of an important region of the Indian subcontinent. Against this background, several of the authors perceptively discuss particular situations in which forces for change are interacting with a set of social, political, and cultural traditions that are both venerable and highly complex.
