The Ralph Bunche Summer Institute in Atlanta was made possible through the generous support of the Coca-Cola Foundation, the Ford Foundation, the Graduate School of Arts and Sciences of Emory University, the Georgia State University Foundation, and the U.S. Department of Education.

Another session of the Atlanta program will be held in the summer of 1995. The 1995 program will be underwritten by the continuing generosity of the Coca-Cola Foundation, as well as by funds set aside by the APSA Council. Plans are already underway to continue the Bunche Institute in 1996 and years after; developments will be publicized in future issues of *PS*.
