

THE FIRST DECADE. 'Ten Years' Work of the Medical Missionaries of Mary, 1937-1947. (At the Sign of the Three Candles, Dublin; 7s.6d.)

The special work of this Congregation is medical. At the wish of the Holy See the Sisters are ready to go to any Mission and undertake any branch of medical science. They are trained, according to aptitude and need, as doctors, nurses, dentists, chemists, domestic science teachers, secretaries, social workers and catechists. A strong, living Congregation, with, please God, a great future.

The First Decade tells the story of the beginning of the Congregation, of present activities at home, of present activities on the Missions, and has a considerable section called 'Seen from Outside'. A number of important and interesting people have written for this book and it has many illustrations.

The book can be obtained from the Mother Foundress, Rev. Mother Mary Martin, M.M.M., Our Lady of Lourdes, Drogheda, Co. Louth, Eire.

To have this book in your house may mean a vocation for someone, at any rate the purchase money will help a great work.
