

General Notes

TEMPORAL BONE SURGICAL DISSECTION COURSE

OFFERED BY

THE DEPARTMENT OF OTOLARYNGOLOGY

THE UNIVERSITY OF MICHIGAN MEDICAL SCHOOL, ANN ARBOR, MICHIGAN

COURSE DIRECTOR: JOHN L. KEMINK, M.D.

1989:	24-28 April:	22-26 May:	16-20 October:	13-17 November
1990:	2-6 April	14-18 May	15-19 October	12-16 November

Intensive one-week courses emphasize the surgical and anatomical approaches to the temporal bone, and are presented in a manner relevant for the otologic surgeon, utilizing lectures, videotapes, and dissection.

Mornings and afternoons are spent in the dissection laboratory, giving extensive drilling experience in temporal bone anatomy and surgical techniques. All instruments and high-speed handpieces will be provided.

Course fee is: Physicians \$1,000 Residents \$750

For further information write:

John L. Kemink, M.D.,
Box 0312 Taubman Medical Center,
1500 E. Medical Center Drive,
Ann Arbor,
Michigan 48109, U.S.A.

DEPARTMENT D'ANESTHESIOLOGIE ET REANIMATION

LABORATOIRE DE PHYSIOLOGIE

UNIVERSITE DE BORDEAUX II

FONDATION GEORGES PORTMANN

27-29 APRIL, 1989

COURSE ON HIGH FREQUENCY JET VENTILATION H.FJV.

Organizers:

Anne-Marie Cros M.D. (staff anesthesiologist) and Hervé Guenard (Professor of physiology)

In collaborations with:

L. Versichelen M.D. (University of Ghent, Belgium), the staff of the department of anesthesiology and staff of the ENT department.

The course will take place in:

Hôpital Pellegrin – Tripode level 9,
Place Amélie – Raba – Léon,
33076 Bordeaux cedex, France.

The course will be given in English.

Information:

AM CROS at the above address

Phone number: 56 79 55 14

ROYAL COLLEGE OF SURGEONS OF ENGLAND

QUARTERLY COUNCIL, 12 January, 1989

Report, dated 24 November, 1988 of the

COURT OF EXAMINERS

The Court of Examiners reports to the Council that at the recent Final Examination for the Fellowship, 27 candidates presented themselves for the Examination in Otolaryngology, 10 of whom acquitted themselves satisfactorily:

Cox, Hugh Jeremy, M.B., B.S., Westminster, London. 1980
 Dawes, Patrick James Douglass, M.B., B.S., Royal Free, London. 1982
 Fairley, James William, M.B., B.S., St Thomas', London. 1981
 Godsiff, Steven Paul, M.B., B.S., Kings College Hospital, London, 1984
 Hickey, Simon Alexander, B.M., B.Ch., Oxford. 1983
 Murrant, Nicholas John, M.B., B.S., Kings College Hospital, London. 1981
 O'Flynn, Paul Edward, M.B., B.S., University College, London. 1982
 Shields, David Alan, M.B., Ch.B., Liverpool. 1981
 Veitch, Derek Young, M.B., Ch.B., Edinburgh. 1978
 Woodhead, Christopher James, M.B., Ch.B., Birmingham. 1982

7TH SOUTH AFRICAN NATIONAL OTO-RHINO-LARYNGOLOGICAL CONGRESS

16-20 OCTOBER, 1989

BLOEMFONTEIN, SOUTH AFRICA

Those interested in attending the congress and applicants who wish to read papers should please contact:

A. J. Claassen,
 Private Bag X20598,
 National Hospital,
 Bloemfontein, 9300,
 Republic of South Africa.

GLASGOW TEMPORAL BONE COURSES

33rd Course - 24, 25, 26 May, 1989

34th Course - 25, 26, 27 October, 1989

AT GLASGOW ROYAL INFIRMARY

Tutors: Mr Andrew Baxter, F.R.C.S., Mr George G. Browning, M.D., F.R.C.S.,
 Mr Alastair M. Pettigrew, F.R.C.S.

The courses are primarily designed for otologists in training but they will be of interest to more experienced surgeons. Tutorials on otological techniques and results together with histopathology of the temporal bone will complement the main component of the course which is supervised dissection of the temporal bone.

The courses are approved for training in the U.K.

Further details from:

Mr Alastair M. Pettigrew, F.R.C.S.,
 Stirling Royal Infirmary,
 Stirling FK8 2AU,
 United Kingdom.
 Tel: 0786 73151 Ext. 78-401.

FACULTÉ COCHIN-PORT-ROYAL – UNIVERSITÉ DE PARIS V
VII COURS DE CHIRURGIE DE L'OREILLE ET DU ROCHER
MIDDLE EAR AND TEMPORAL BONE SURGERY

29 May to 4 June, 1989

Professor J. M. Sterkers

Secretaries: Dr P. Corlieu, Dr O. Sterkers

Collaborators: Dr M. Bagot d'Arc, Dr D. Bowdler (Liverpool), Dr P. Viala.

Français – English.

Recent Advances, Dissection, Demonstrations and Clinical Cases.

Participation: 3,000F before 30 April 1989.

3,500F after 30 April 1989

Lunches included

Internes D.I.S., Residents:1,000F

Applications to:

Madame Brigitte Pavlovic,
Secrétariat d'Orl,
Hôpital Cochin,
27, rue du Faubourg Saint-Jacques,
75014 Paris,
Tel: (1) 42 34 15 82

4TH STEGLITZ INTERNATIONAL PEDIATRIC SURGICAL SYMPOSIUM BERLIN
LASER APPLICATION IN CHILDREN

10–11 November, 1989

International Congress Center Berlin (ICC).

Chairman: Professor Dr Jürgen Waldschmidt.

Information:

Priv. Doz. Dr Felix Schier
Department of Pediatric Surgery
Free University of Berlin
Hindenburgdamm 30
1000 Berlin 45
West Germany
Tel: (030) 798 2909 or 798 4181

OTOLOGY AND AUDIOLOGY COURSE
GLASGOW ROYAL INFIRMARY

8–12 May, 1989

The Course is primarily intended for trainees in Otolaryngology and will consist of lectures, tutorials and practical clinical instruction to include the following topics:

Management of middle ear pathology

Management of hearing disability

Vibrotactile aids and implants

Neuro-otological investigation

Tinnitus

Paediatric screening and assessment

The number of places is limited to 20. The Course fees of £220 are recognized for postgraduate training purposes.

For further information and application forms contact:

Mr G. G. Browning
Reader of Otolaryngology
Royal Infirmary
Glasgow G4 0SF

SECOND COURSE ON ENDOSCOPIC SURGERY OF THE PARANASAL SINUSES
UNIVERSITIES OF BRUSSELS AND COLOGNE

6-9 September, 1989

(week before World Congress in Madrid)

Organized by Prof P. Clement, Brussels, Prof E. Stennert and Prof W. F. Thumfart, Cologne

International Faculty

Course features intense cadaver dissections (high resolution CT-documented), didactic lectures and live patient demonstrations. Emphasizes various endonasal sinus surgery techniques. Held two days each in the historic cities of Brussels and Cologne. Ladies programme available. Laboratory enrolment limited.

Course fees: Lectures, live demonstrations and laboratory \$600,-
Lectures and live demonstrations \$400,-

Call Secretariat: Brussels Tel.: 02/477.60.02 Fax.: 02/477.58.00

Cologne Tel.: 01/221/478.4750

EDITH WHETNALL LECTURE

'The Causes of Profound Deafness in Childhood:
a personal study of 3,535 cases

will be delivered by

Professor George R. Fraser, M.D., Ph.D., D.Sc., F.R.C.P.(C).

at

The Royal Society of Medicine,
1 Wimpole Street,
London W1M 8AE
(in the Barnes Hall)

on

Thursday 4 May, 1989 at 5.30 p.m.

THE TWJ FOUNDATION

The Trustees of the TWJ Foundation

invite applications for

TWO MICHAEL COOK TINNITUS FELLOWSHIPS

tenable during 1989

These Fellowships will be funded by the Michael Cook fund which was formed within the TWJ Foundation and endowed by the family and friends of the late Michael Cook who himself suffered very severely from tinnitus. The object of the Fund is to increase the special facilities available to tinnitus sufferers and to encourage research into the cause of the symptom.

The Fellowships will be offered to a Consultant Otolaryngologist or Audiological Physician and a Hearing Therapist of P.M.T. (Aud) from the same centre to enable them to spend two weeks visiting the Department of Professor Jack Vernon at Portland, Oregon and study the methods used for the treatment of those suffering from Tinnitus. A condition is that both holders visit Professor Vernon at the same time. It will be expected that the holders already have an interest in the problem and that on their return home they intend to develop or initiate special facilities for tinnitus sufferers.

Further details concerning applications should be obtained *now* from:

The Trustees of the TWJ Foundation,
Courtlands, 61 Kingswood Firs,
Grayshott, Hindhead,
Surrey GU26 6ER

The closing date for formal applications will be Saturday, 3 June, 1989.

EIGHTH BRITISH ACADEMIC CONFERENCE IN OTOLARYNGOLOGY

Dublin, July 1991

Master: Professor Donald Harrison, M.D., M.S., Ph.D., F.R.C.S.

The next Conference will take place in the Royal College of Surgeons in Ireland, St Stephens Green, Dublin, from 29 July to the 2 August, 1991.

It will follow the same pattern as previously with Main Topic Sessions being conducted in the morning and Institutional Sessions in the afternoon.

A full social programme has been arranged and special events for the Ladies.

Trade and Scientific Exhibitions will take place and the whole academic programme has been arranged within the precincts of the Royal College.

Further details and a copy of the Preliminary Notes may now be obtained from:

Mrs T. Croom-Johnson,
Meadow Cottage,
Wellesbourne,
Warwickshire CV35 9QT,
U.K.

THE OXFORD COURSE IN ENT RADIOLOGY

A two day course covering all aspects of modern imaging in Otolaryngology. The course will be taught by ENT Surgeons and Radiologists with the emphasis on informal tutorial teaching.

Dates: 14, 15 July, 1989.

Course Fee £125 (Refreshments and Dinner Inclusive)

Write for details to:

Mrs S. Cook,
Academic Secretary,
Department of Otolaryngology,
Radcliffe Infirmary,
Oxford OX2 6HE.

DEPARTMENT OF OTOLARYNGOLOGY, EDINBURGH

A REVISION COURSE IN OTOLARYNGOLOGY will be held in the City Hospital Edinburgh, from 18 September–22 September 1989 inclusive.

The Course, which is intended for those preparing for post graduate examinations, will cover all aspects of modern otolaryngological theory and practice. Lectures will be given by all senior members of staff of the department. In addition, there will be a number of clinical demonstrations.

Course Fee: £200.

Course organizer: Dr A. I. G. Kerr.

Further particulars and application forms from:

Mrs A. Pryde,
Unit Secretary,
Department of Otolaryngology,
City Hospital,
Greenbank Drive,
Edinburgh EH10 5SB.

Instructions to Authors

Historical Articles. Articles of this type are generally encouraged, but it is obvious that they have to provide some new information or interpretation, whether it be about a well-known person or for example an instrument associated with him, but those from within a Hospital's own department who have made a hitherto less well-known contribution would be welcome.

Letters to the Editor. This feature is to be re-introduced to give those who wish to comment about a paper previously published within the Journal, an opportunity to express their views. Wherever possible, we shall ask the original author to add his further comment, thereby adding to the value of the contribution. Such letters should be sent as soon as possible after publication of each month's issue of the Journal in the hope of including them as soon as possible thereafter.

'Mini-papers, such as those which appear in the British Medical Journal, Lancet, or New England Journal of Medicine, will not be acceptable except on the rare occasion that they bring information of immediate interest to the reader.

Pathology. It is proposed to present on a monthly or bi-monthly basis, articles which are pathological interest with particular emphasis on the way the diagnosis was achieved, the techniques involved, etc. It is hoped that clinicians will involve their pathologists in these reports, and all illustrations must be of first-class quality. Where a department, particularly those overseas, may not have such specialized facilities, it may be possible, if a block or several unstained sections are provided for our Adviser to produce or supplement the illustration submitted. Only contributions of particular pathological interest will be accepted.

Radiology. It is proposed to introduce on a monthly or bi-monthly basis, short reports on cases in which the radiology has been crucial in the making of the diagnosis or the management of a particular case. This spot is to encourage clinicians and radiologists to produce material of particular interest in the specialty and to encourage co-operation in this field. Only presentations with first-class illustrations can be accepted and these must emphasise a problem of unusual clinical interest.

Check List for Authors/Secretaries

1. Title page—Titles should be short with names of the authors, higher degrees only and the city/country. Details of the departments in which the authors work should be put lower down.
An address for correspondence should be supplied together with the author who should receive this and this will ultimately appear beneath the list of references. If the paper was presented at a meeting, the details of this must be given and will be inserted at the bottom of the first page of the printed script.
2. Abstract—No paper will be accepted without this and it adds considerably to the Editor's time to have to write and request this if the paper is accepted.
3. To follow the Instructions to Authors with the way in which the paper is set out. It is preferred that each section should start on a fresh page with double spacing and wide margins.
4. References must be in the Harvard system; to submit a paper using the Vancouver system is automatically to have it returned or rejected.
5. Two sets of illustrations must be included, one of half-plate size and the other with the width of 80 mm. Illustrations must be clearly labelled with the author's name on the reverse side and where appropriate with an arrow to give orientation.
6. Authors to check manuscript and references to see that these match up particularly for dates and spelling.
7. Titles of Journals must be given in full with the date, volume number and first and *last* pages.
8. Consent to be obtained from a patient if a photograph of their face is to be reproduced.
9. If the author to whom correspondence is to be directed changes his address, he should let the Editorial Office know as soon as possible.
10. Page proofs will normally be sent out three months in advance and must be returned as soon as possible.
