VOLUME 43

1978

Published quarterly by the Association for Symbolic Logic, Inc. with support from ICSU and from institutional and corporate members

The four numbers of Volume 43 were issued at the following dates:

Number 1, pages 1-160, June 27, 1978 Number 2, pages 161-384, August 16, 1978 Number 3, pages 385-622, August 28, 1978 Number 4, pages 623-759, February 14, 1979

Numbers 1-3 of this volume are copyrighted © 1978 by the Association for Symbolic Logic, Inc. Number 4 of this volume is copyrighted © 1979 by the Association for Symbolic Logic, Inc. Reproduction of copyrighted numbers of the Journal by photostat, photoprint, microfilm, or like process is forbidden, except by written permission, to be obtained through the Business Office of the Association for Symbolic Logic, P. Notice of meeting	759

Authors and publishers are requested to send copies of books for review to Alonzo Church, The Journal of Symbolic Logic, U.C.L.A., Los Angeles, California 90024.

Notices and announcements for publication in the JOURNAL should be sent to the Secretary of the Association, Jon Barwise, Department of Mathematics, University of Wisconsin, Madison, WI 53706.

All manuscripts for publication should be typewritten with wide margin and wide spacing between the lines, and the author should keep a complete copy; footnotes should be numbered consecutively and should also be typed with wide margin and wide spacing (preferably on a separate sheet). If an article is of more than thirty-two (printed) pages in length, the editors reserve the right to divide it between two or more, not necessarily consecutive, numbers. Authors receive fifty reprints of each article, with covers, and additional reprints may be purchased if desired.

The Association assesses page charges at the rate of \$30.00 per page for all papers (excluding reviews) that appear in the JOURNAL. All bills for page charges will be submitted to the author's host institution or employing company, if any. Authors are not liable for the payment of page charges, nor for their acceptance and payment by employing organizations.

Attention is called to the fact that the JOURNAL invites submission of (1) original technical papers in the field of symbolic logic, (2) expository papers in this field, (3) papers whose main point is philosophical and which either bear upon logic or make use of its methods, and (4) studies in the history of logic in which modern technical developments are taken into account.
