WHAT IT DOES. HOW IT WORKS. WHERE IT STANDS. HARPER & ROW TEXTS HELP STUDENTS FIND OUT.

## AMERICAN DEMOCRACY IN WORLD PERSPECTIVE Fifth Edition

WILLIAM EBENSTEIN, C. HERMAN PRITCHETT, HENRY A. TURNER, DEAN MANN, & PETER MERKL

A unique approach to the distinctive features of the American system—

Offering a complete picture of the American government, this text analyzes, compares, and contrasts the U.S. government with other democratic and nondemocratic governments to help students grasp the distinctive features of our system. Reorganized into more easily grasped parts—principles, politics, structure and operation, individual rights, and public

policies—this totally revised edition includes a completely new chapter on metropolitan politics as well as the latest coverage on such topics as the Bakke Supreme Court Decision, new methods of financing political campaigns, and public policy formation. Instructor's Manual. December 1979. 608 pages (tentative). ISBN 0-06-041861-3.

**Understanding What Counts** 

REO M. CHRISTENSON

A novel approach to "what counts" in American politics today—

Written by a political scientist with a journalism background, AMERICAN POLITICS offers the kinds of observations and interpretations that help sharpen students' perceptions of the integral features of the American political system. Taking an issues approach, the text covers all topics critical to an understanding of American government and includes such distinctive

features as a chapter entitled "In Defense of Politicians" that examines politicians in a more constructive light than do most Americans, and a greater concern than usual for the ethical dimensions of politics and politicians. Instructor's Manual. February 1980. 320 pages (tentative). Paper. ISBN 0-06-041259-3.

#### INSTRUCTIONS TO CONTRIBUTORS

Address correspondence about contributions to the Review to Charles O. Jones, American Political Science Review, Department of Political Science, University of Pittsburgh, Pittsburgh, Pennsylvania 15260. Please submit four copies of a manuscript to be considered for publication. Unfortunately, due to increased postage costs, we can no longer return manuscripts to the author. Manuscripts must be typed and mimeographed or photocopied, with all written material double-spaced (including quotations and footnotes). Use standard typewriter paper—avoid colored and light-weight stock. The typewritten lines should not exceed 5½ or 6 inches in length. Please do not send the original typescript. Since manuscripts are sent out anonymously for evaluation, the author's name and affiliation should appear only on a separate covering sheet. An abstract of less than 150 words should accompany the manuscript.

The reference form is that used by most scientific journals (for illustration, see any issue of the Review, June 1978, and after); brief parenthetical references are included in the text and all sources are listed alphabetically at the end of the article. The work of classical authors such as Aristotle or Plato may be cited by the standardized code familiar to scholars in the field and passing allusions to such authors do not require mention in the list of references. Conventional foot-of-column notes are used only for explanatory comments or in unusual cases to avoid lengthy in-text references.

All manuscripts will be examined carefully for length. Referees will be asked to recommend where cuts might be made, without affecting the principal contribution. Manuscripts over 30 pages will be reviewed with particular care to determine if such length is warranted. Except in extraordinary circumstances, manuscripts over 50 pages will be returned to the author. Resubmission may follow compliance with the page limit. Manuscripts must be prepared as noted above, double-spaced throughout, with standard margins. Tables, charts, footnotes, and references will be included in the page count.

Communications must follow the form of regular manuscripts (including reference listings where appropriate). They must not exceed five double-spaced pages, including references, footnotes, and tables. All but the briefest letters will be refereed.

Figures should be drawn on white paper with India ink and the original tracings or drawings retained by the author (for transmission later to the printer). Copies only should accompany the manuscript. Tables should be typed on a separate page. Insert a guide line, e.g., "Table 1 about here," at the appropriate place in the manuscript.

Books intended for review and all book review correspondence should be sent to Holbert N. Carroll, Book Review Editor, American Political Science Review, Department of Political Science, University of Pittsburgh, Pennsylvania 15260. Authors are urged to call their books to the attention of the Book Review Editor to insure that the books will be considered for review.

Information, including News and Notes, for the Association's news-journal, PS, should be sent to 1527 New Hampshire Avenue, N.W., Washington, D.C. 20036. Advertising, reprint and circulation correspondence should be sent to the Executive Director at the Washington office. Domestic claims for non-receipt of issues must be made within four months of the month of publication; overseas claims, eight months. Advertising information and rates are available from Eloise French, Advertising Manager, APSA, 1527 New Hampshire Avenue, N.W., Washington, D.C. 20036.
