WASSAIL A FRIEND OR TWO OR THREE. Of course we do not suggest that you hold a wassail in the sense of carousing. That is entirely up to you, and your friends. We do suggest that you wassail (Old Norse *ves heill*—be well) a select few by toasting them with an issue of WORLDVIEW each month of the coming year. One gift subscription (you can even give it to yourself) is \$15, two for \$28, and three for only \$39. It is no sin to be thrifty, or to give a serious gift, during days meant to be merry. When the revelry is past, that monthly gift will demonstrate that you are and believe your friends to be people of eminently good sense. So please check the coupon inside and go awassailing!
