

CALL FOR PAPERS AND PARTICIPANTS

**1986 Annual Meetings of the Western Finance Association
June 18-21, 1986
The Antlers in Colorado Springs, Colorado**

Members and friends of the Western Finance Association are invited to submit papers to be considered for presentation at the 1985 Annual Meetings. Papers on any topic related to financial economics will be considered.

Submission of Papers

Send four copies of the paper to the program chairman no later than November 25, 1985. While we prefer a completed paper, in its absence we will consider a lengthy and detailed abstract. After the papers are reviewed, the authors will be notified in January, 1986, of the program committee's decision. Please attach a separate sheet indicating the author's name(s), affiliation(s), the title of the paper, and whether you would be willing to serve as a discussant or as a session chairman. All completed papers received will be considered for publication in the December issue of the *Journal of Financial and Quantitative Analysis*.

Other Participants

Individuals willing to serve as session chairmen or as discussants should write directly to the program chairman indicating their fields of interest.

Trefftzs Award

This announcement is also a call for student papers to be considered for the Annual Trefftzs Award. These papers should also be sent to the program chairman, with a cover letter indicating that they are student papers and should be considered for the Trefftzs Award.

All papers and communications pertaining to participation in the program should be sent by November 25, 1985 to:

Professor Gerald O. Bierwag
Program Chairman, WFA
Department of Finance
College of Business and Public Administration
University of Arizona
Tucson, AZ 85721

Positions in Finance and Business Economics University of Washington

The Department of Finance, Business Economics and Quantitative Methods is seeking to hire qualified candidates for one or more Assistant Professor positions in Finance and/or Business Economics. We are looking for a person with the capability and desire to engage in original research in business finance, investments, options and futures markets, international finance, or financial markets. Duties for all positions include both teaching (graduate and undergraduate classes) and research in Finance and/or Business Economics. Candidates must have or be completing a Ph.D. or DBA degree. The preferred starting time is September 16, 1985.

The University of Washington offers an excellent environment for younger faculty. We have a very strong research-oriented faculty who can provide stimulation and encouragement to individuals who are just establishing their careers. In addition, our close ties with the Economics and Accounting Departments offer faculty members rewarding opportunities for interdisciplinary research projects.

As an equal opportunity employer, the department is especially interested in making the availability of these positions known to minorities and women. Candidates should send, no later than August 15, 1985, a cover letter indicating research and teaching interests, a vita, a summary of courses taken, the names of four references, and any available examples of recent research to:

Professor Peter A. Frost, Chairman
Department of Finance, Business Economics and
Quantitative Methods
School of Business Administration DJ-10
University of Washington
Seattle, WA 98195

Contact: Bernard Marois and Bruno Solnik, Centre HEC-ISA, B.P. 100, Jouy-en-Josas, France (33-3)956 80 00.

JFQA Style Requirements

General Form

Manuscripts should be submitted in triplicate in finished form. Authors should pay special attention to the quality of their exposition. Submitted articles that are overly long, or poorly structured and are not fully developed, will be returned without review.

Manuscripts should contain a cover page with title and author's name and affiliation. The cover page will be removed before the manuscript is sent to a referee. The first page of text should show the title but not the author's name. A short one-paragraph abstract should be included. Manuscripts must be typed double-spaced and length should not exceed 25 pages. All sections of the manuscript should be enumerated with Roman numerals.

The manuscript should begin with both a statement of purpose and a guide to its organization. The manuscript should include its orientation with respect to other material published on the same subject, especially recently published material.

The manuscript should end with a summary statement of the main conclusions. Lengthy mathematical proofs and extensive, detailed tables should be placed in an appendix or omitted entirely. In the latter case, the author may indicate in a footnote that proofs or tables are available on request. The author should make every effort to explain the meaning of mathematical proofs.

The author should define all abbreviations used. The author also should check the text for clarity, grammar, spelling, and punctuation in order to minimize the number of editorial changes and the necessity for expensive corrections at the proof stage.

Footnotes

The form of footnotes should be consistent with the form currently found in the Journal. Footnotes should be placed at the end of the manuscript. Avoid footnotes with extensive content.

References

References must be numbered in an alphabetized list at the end of the article in the form currently found in the Journal. Cite references in the text by placing the appropriate reference number in brackets, e.g., [6].

Tables and Figures

Each table and figure should be numbered. The author should check the text to make sure there is a reference to each. The author should indicate by marginal notations the approximate placement of each table and figure.

The author should check tables to be sure that the totals in them are correct and that the heading, column headings, captions, etc., are sufficient to relieve the reader of the need to guess at their meaning.

Each figure should be on a separate sheet. Authors of accepted articles must provide *camera-ready* artwork for all figures. (Camera-ready means a professional drawing on white paper in India ink.)
