

The Journal of the Abraham Lincoln Association

Now published twice yearly!

The only journal devoted exclusively to Lincoln scholarship, *JALA* has expanded this year to offer scholars twice as many newly discovered documents, photographs, and articles.

Our 1993 two-issue volume includes articles by Charles Strozier and Douglas Wilson on William Herndon, by Matthew Pinsker on the senatorial contest of 1855, and by Michael Vorenberg on Lincoln and colonization.

The University of Illinois Press, in cooperation with the distinguished Abraham Lincoln Association, publishes the journal in January and June, for \$25 (\$30 foreign). Subscription includes membership in the association.

CORNELL

Administrative Law in a Global Era

ALFRED C. AMAN, JR.

"Aman has produced an important, enriching and exciting study of the intersections of law, politics, power and policy. A splendid achievement."
—Victor G. Rosenblum, Northwestern University School of Law. \$28.95

Courting Danger

Injury and Law in New York City, 1870–1910

RANDOLPH E. BERGSTROM

"A solid, well-researched, well-written piece of work on an interesting and significant subject. The records of the trial courts are difficult to use, and Bergstrom has tapped these records to excellent account. None of the previous studies of personal injury have had the scale and depth of this one."
—Lawrence Friedman, Stanford University. \$32.95

The Origins of Biblical Law

*The Decalogues and
the Book of the Covenant*

CALUM M. CARMICHAEL

Carmichael here offers a radically new interpretation of the law of ancient Israel and a new hypothesis on how the Bible was constructed. "Original, compelling, and convincing. This book should be compulsory reading for everyone concerned with issues of legal change."—Alan Watson, University of Georgia. \$28.50

Rhetoric and the Origins of Medieval Drama

JODY ENDERS

Focusing in particular on French drama, Enders redefines the very concept of origins, as she deepens our understanding of the relationship between theater and law in the Middle Ages. *Rhetoric and Society*. \$35.95

Inheritance and Family Life in Colonial New York City

DAVID E. NARRETT

This book breaks new ground by offering the first detailed and systematic analysis of inheritance practices in New York City from the beginning of Dutch settlement in the 1620s to the onset of the American Revolution. *Copublished with the New York State Historical Association*. \$41.50

Lawyers' Ideals/ Lawyers' Practices

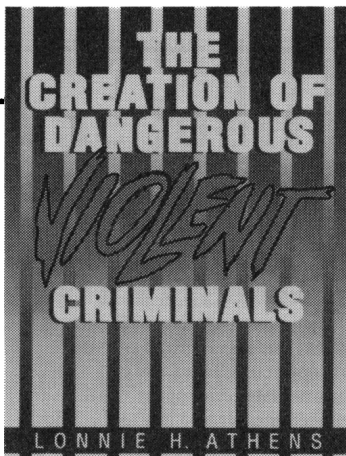

*Transformations in
the American Legal Profession*

EDITED BY ROBERT L. NELSON,
DAVID M. TRUBEK,
AND RAYMAN L. SOLOMON

This collection of eight essays, written by leading scholars in the American legal profession, examines the relationship between changes in the practice of law and the professional ideals of American lawyers. \$39.95 cloth, \$14.95 paper

The Creation of Dangerous Violent Criminals

Lonnie H. Athens

Lonnie Athens examines a problem that has long baffled experts and laypeople alike: How does a person become a dangerous violent criminal? He explains how those who commit brutal crimes begin as relatively benign individuals who undergo lengthy, at times tortuous, development leading them to malevolence. The process encompasses four stages: brutalization, belligerency, violent performance, and virulency. Athens uses vivid first-person accounts gleaned from in-depth interviews with nascent and hardened violent criminals to back up his theory, producing a book that will appeal to a wide variety of readers.

“The most far-reaching, provocative, and profound analysis of violent conduct to be found in the criminological literature.”

— Norman K. Denzin, author of *The Research Act*.

“Represents a profoundly creative and original theoretical contribution, on a par with any other criminological development this century. It is more empirically, methodologically, and theoretically sophisticated than most of the erstwhile ‘famous’ researchers of the ‘big names’ in the criminological field.” — John M. Johnson, *Symbolic Interaction*

"A work of synthesis that at the same time introduces new material to the treasury of studies on medieval political thought."

—Stanley Chodorov, University of California, San Diego

In this masterful history of monarchy, conceptions of law, and due process, Kenneth Pennington addresses the basic struggle between the power of the prince versus the rights of his subjects and opens an entirely new vista in the study of Western legal tradition.

ALEXANDER CHARNS

CLOAK AND GAVEL

FBI Wiretaps,

Cloak and Gavel

FBI Wiretaps, Bugs,
Informers, and the
Supreme Court
Alexander Charns

The separation of powers becomes a meaningless cliché as Charns—using the Federal Bureau of Investigation's own files—reveals how that agency undermined the independence of the U.S. Supreme Court for a half-century. This is the definitive book on the FBI-Supreme Court relationship, based on thousands of pages of FBI documents that Charns fought for eight years to obtain.

“A stunning portrait of close ties between the FBI and the Supreme Court and of J. Edgar Hoover's calculated campaign to nurture and shape the Court into an FBI ally.” — *Legal Times*.

“Vividly suggests the bizarre nature of Hoover's stockpile of hearsay and slander. The Felix Frankfurter file, for example, included a tip provided by none other than Gen. Douglas MacArthur that the justice was the ‘best bet for the real brains of subversive leadership in the country.’ . . . He makes his case that for all its pretensions to detachment and impartiality, the Supreme Court hasn't been immune to the less savory aspects of Washington politics. The book concludes with useful questions about whether the FBI—a servant of the White House—ought to play the prominent role it does in investigating Supreme Court nominees. The agency's initial failure to turn up allegations that evolved into the Clarence Thomas-Anita Hill imbroglio adds force to the author's observation that an FBI report on a nominee's background should be viewed as skeptically as those of other interest groups.” — Paul M. Barrett, *Wall Street Journal*.
