Reducing the incidence of nosocomial UTI

Are you even on the map?

The BARDEX® I.C. Foley Catheter can put you there.

Each year, over 900,000 nosocomial urinary tract infections occur in hospitals throughout the U.S. – seriously impacting quality of care.

The silver and hydrogel-coated BARDEX I.C. Foley Catheter has been proven to reduce the incidence of NUTIs. The published examples noted below are just a few of the more than 600 success stories involving hospitals that significantly reduced infection rates and costs after converting to the BARDEX I.C. system.

For more information on the BARDEX I.C. Foley Catheter, contact your BARD Representative or call 1-800-526-4455. You can also visit our website at www.bardmedical.com.

SUBSCRIPTIONS: Requests should be addressed to the publisher (except Japan). In Japan, contact Woodbell Incorporated, 4-22-11, Kitakasai, Edogawaku, Tokyo 134, Japan. Subscription rates in the United States and possessions: Individual: One year-\$105.00; Two years-\$143.00; Three years-\$176.00; Institutional: One year-\$128.00; Two years-\$178.00; Three years-\$228.00. Fellows: \$52.50 per year with proof of training status. Canada: \$20.00 additional each year plus 7% for Canadian Goods & Services tax; Overseas surface, \$145.00 each year; Overseas air mail, \$190.00. Single copies of current issues may be obtained for \$15.00, United States and possessions; \$20.00 all other countries.

INSTRUCTIONS TO AUTHORS: Authors may submit manuscripts prepared in accordance with the 1997 revision of the "Uniform Requirements for Manuscripts Submitted to Biomedical Journals." The Uniform Requirements has been published in several journals, including *Infect Control Hosp Epidemiol* 1997;18:457-464 and *Ann Intern Med* 1997;126:36-47. A digital version is available on our web site (<http://www.slackinc.com/general/iche/ichehome.htm>). Submit to ICHE Editorial Offices, Vanderbilt University School of Medicine, A-1131 Medical Center North, Nashville, TN 37232-2637, USA. All submissions must be accompanied by copyright form(s) signed by all authors (see January issue or our web site).

REPRINTS: All requests to reprint or use material published herein should be addressed to Karen Lambertson, SLACK Incorporated, 6900 Grove Rd., Thorofare, NJ 08086. For reprint orders and prices, contact Karen Lambertson at (609) 848-1000. Authorization to photocopy items for internal or personal use, or the internal or personal use of specific clients, is granted by SLACK Incorporated, provided that the base fee of \$1.00 per copy, plus \$15 per page is paid directly to Copyright Clearance Center, 27 Congress St., Salem, MA 01970. This consent does not extend to other kinds of copying, such as for general distribution, resale, advertising and promotional purposes, or for creating new collective works.

CHANGE OF ADDRESS: Notice should be sent to the publisher 6 weeks in advance of effective date. Include old and new addresses with zip codes. The publisher cannot accept responsibility for undelivered copies. Periodicals postage paid at Thorofare, New Jersey 08086-9447 and at additional mailing offices. POSTMASTER: Send address changes to SLACK Incorporated, 6900 Grove Rd., Thorofare, NJ 08086.

INFECTION CONTROL AND HOSPITAL EPIDEMIOLOGY is listed in Index Medicus, Current Contents-Clinical Practice, Hospital Literature Index, Cumulative Index to Nursing & Allied Health Literature, Nursing Abstracts, Laboratory Performance Information Exchange System, and RNdex Top 100.

ALL THE ANSWERS UNDER ONE COVER

A Practical Handbook for Hospital Epidemiologists

Edited by Loreen A. Herwaldt, MD
and co-edited by Michael D. Decker, MD, MPH

Soft Cover, 448 pp, ISBN 1-55642-302-0, Order# 13020, \$65.00

A Practical Handbook for Hospital Epidemiologists is the most complete source for practical advice on hospital epidemiology. It is intended to be a pragmatic guide that will assist both beginning and experienced epidemiologists in establishing and operating a successful hospital epidemiology program.

This handbook will supplement the various scientific references already available for hospital epidemiologists. It will provide practical information and advice regarding many aspects of operating a hospital epidemiology program and will help hospital epidemiologists improve their practices.

The Society for Healthcare Epidemiology of America (SHEA) has recruited the most recognized leaders in

the field to share their expertise. They will share successful strategies for handling specific situations. The authors cover many topics that every newcomer should know but are usually learned through experience. These topics include:

- **Overarching goals and ethical principles you should adopt to guide your practice**
- **What you can do to educate yourself**
- **How to negotiate with the administration and communicate with colleagues**
- **How to develop policies and procedures**
- **How to develop a surveillance system**

Contents

Getting Started

Chapter 1: An Introduction to Practical Hospital Epidemiology

Chapter 2: The Hospital Epidemiologist: Practical Ideas

Chapter 3: Educational Needs and Opportunities for the Hospital Epidemiologist

Chapter 4: Negotiating with the Administration— or How to Get Paid for Doing Hospital Epidemiology

Chapter 5: The Infection Control Committee

Chapter 6: Developing Policies and Guidelines

Chapter 7: Intramural and Extramural Communication

Chapter 8: Ethical Aspects of Infection Control

Surveillance and Analysis

Chapter 9: Basics of Surveillance—An Overview

Chapter 10: Hospital-Acquired Pneumonia: Perspectives for the Healthcare Epidemiologist

Chapter 11: Basics of Surgical Site Infection Surveillance

Chapter 12: Surveillance for Infections Associated with Vascular Catheters

Chapter 13: Designing Surveillance for Noninfectious Outcomes of Medical Care

Chapter 14: Outbreak Investigations

Chapter 15: Exposure Workshops

Chapter 16: Isolation

Chapter 17: Basics of Stratifying for Severity of Illness

Chapter 18: Quantitative Epidemiology

Support Functions

Chapter 19: Microcomputers in Hospital Epidemiology

Chapter 20: The Computer-Based Patient Record: The Role of the Hospital Epidemiologist

Chapter 21: Basic Microbiologic Support for Hospital Epidemiology

Chapter 22: Epidemiologic Typing Systems

Special Topics

Chapter 23: Epidemiologic Approaches to Quality Assessment

Chapter 24: Disinfection and Sterilization of Patient Care Items

Chapter 25: Controlling Use of Antimicrobial Agents

Chapter 26: Employee Health and Infection Control

Chapter 27: Tuberculosis Control in Healthcare

Chapter 28: Infection Control Issues in Construction and Renovation

Chapter 29: Hospital Epidemiology in Smaller Hospitals

Chapter 30: Infection Control in Public Hospitals

Chapter 31: Infection Control in Long-Term Care Facilities

Chapter 32: Infection Control in the Outpatient Setting

Chapter 33: OSHA Inspections

Chapter 34: Preparing for and Surviving a JCAHO Inspection

Chapter 35: Product Evaluation

The Society for Healthcare Epidemiology of America

1999 SHEA/CDC

Training Course in Hospital Epidemiology

Program

The program will be held May 1-4, 1999 at the Wyndham Franklin Plaza Hotel, Philadelphia, Pennsylvania. Timothy W. Lane, M.D., Gina Pugliese, R.N., and Julie Gerberding, M.D. will chair the program.

Purpose

This program, developed by the Society for Healthcare Epidemiology of America (SHEA), and the Centers for Disease Control and Prevention (CDC), is intended for infectious disease fellows and new hospital epidemiologists. It emphasizes hands-on exercises in which participants work in small groups to detect, investigate, and control epidemiological problems encountered in the hospital setting. The program is designed to provide a practical, hands-on experience for participants.

The SHEA Educational Activities Committee will select the scholarship recipients based on review of these letters. Winners will be notified in September.

Nominations

Please send scholarship applications to:
