Free & Unequal

The Biological Basis
of Individual Liberty Roger J. Williams

A distinguished biochemist asks:
Are newborn babies essentially uniform products?

Free and Unequal

By Roger J. Williams

“A distinguished biochemist, who has long been concerned with the importance of science for human welfare, assails the widespread acceptance of what he calls the ‘assembly-line doctrine’ that people are fundamentally alike . . . Dr. Williams mobilizes evidence for the heritability—and thus the fundamental variability—not only of bodily traits but of physiological and psychological differences as well . . . The author then explores the significance of these differences. He shows how freedom itself depends on them, for freedom would be unimportant if we were all alike”—*Saturday Review*. “Eminently humane and he makes his principal points powerfully” —Ashley Montagu in the *New York Times*. Hardcover \$8.00, Paperback \$3.50.

What People And Publications Are Saying About

Policy Review

*The New Quarterly Journal of
The Heritage Foundation*

"My compliments on a highly professional job of magazine-making."

NORMAN COUSINS, Former Editor
Saturday Review, New York City

"You have obviously gotten off to a spectacular start, and if you can sustain the high quality of the articles in the first two issues you should move very quickly into the top rank of public policy journals."

CHRISTOPHER C. DeMUTH
Director, Regulatory Reform Project
J.F.K. School of Government, Harvard University

"*Policy Review* . . . contain(s) some of the most thoroughly researched articles published anywhere today . . . the magazine is must reading for anybody interested in governmental affairs."

CHUCK STONE
Columnist, *Philadelphia Daily News*

Policy Review articles are regularly abstracted or indexed in the leading social science indexing services, including *ABC-Pol Sci*, *Cumulative Index to Periodicals*, *Current Contents/Social & Behavioral Sciences*, *Human Resources Abstracts*, *International Political Science Abstracts*, *The Journal of Economic Literature*, *Monthly Periodical Index*, *Public Affairs Information Service*, *Public Policy Studies Documents*, *Sage Public Administration Abstracts*, *Sage Urban Studies Abstracts*, *Social Sciences Citation Index*, *United Nations Current Bibliographic Information*, *United States Political Science Documents* and *Urban Affairs Abstracts*.

LIBRARY JOURNAL, the largest and most comprehensive magazine in the library field, recently (May 1, 1978) evaluated *Policy Review*. Their reviewer wrote that *Policy Review's* ". . . articles, by intellectuals of both liberal and conservative persuasion, show a definite leaning toward the [view] that the less overt public policy, the better. . . . the journal has featured such writers as Daniel Moynihan, Ernest van den Haag, Walter Williams, and Robert Conquest. . . . the remainder are familiar from such publications as *Foreign Affairs* and *Commentary*. The editor hopes to have a publication which features 'clear English' and 'verve and style.' He succeeds."

Subscriptions: \$12 for one year, \$21 for two years and \$30 for three years; add \$5 a year for foreign air-speeded delivery.

THE INDEPENDENT JOURNAL OF PHILOSOPHY UNABHÄNGIGE ZEITSCHRIFT FÜR PHILOSOPHIE

Editorial Statement: *The Independent Journal of Philosophy* provides an international forum for the exploration of responsible, articulate alternatives to the positivist, Marxist, and narrowly academicist trends that characterize much of present-day philosophy. Although not aligned with any particular school or movement, it takes its general philosophical bearings by the Platonic-Aristotelean conceptions of 'reason,' 'wisdom,' and 'intuitable form,' and the classical-humanistic moral and political tradition. While not insensitive to the nihilistic implications of the historicism, relativism, and irrationalism stemming from aspects of modern philosophy, it is interested in dialogue with especially the idealist, phenomenological, and existentialist traditions. It welcomes broadly relevant, problem-oriented contributions (including essays, replies, book reviews, translations, dialogues, aphorisms, and philosophical analyses of works of literature and art) in all major areas of philosophy, and particularly in areas announced as special themes for future issues. While most of its material is written in English, it also publishes work in French and German.
