# The Journal of Laryngology and Otology

(Founded in 1887 by MORELL MACKENZIE and NORRIS WOLFENDEN)

EDITED BY

A. LOGAN TURNER AND J. S. FRASER

ASSISTED BY

DOUGLAS GUTHRIE AND IRWIN MOORE

---

1. Original Articles are accepted on the condition that they have not been published elsewhere.

2. Manuscripts should be typewritten, on one side only of the paper, and well spaced.

3. Galley proofs and engraver's proofs of illustrations are sent to the author. Corrections, which should be kept to a minimum, must be clearly marked and no additional matter should be added.

4. The order for reprints should be sent when returning galley proofs, and for this purpose special forms are supplied, on which the price of the reprints is stated.

5. Authors of Original Communications on Oto-Laryngology in other Journals are invited to send a copy, or two reprints, to the *Journal of Laryngology*. If they are willing, at the same time, to submit their own abstract (in English, French, Italian, or German) it will be welcomed.

6. Editorial Communications should be addressed to "EDITORS, *Journal of Laryngology*, c/o Messrs OLIVER AND BOYD, Tweeddale Court, Edinburgh."

7. The Annual Subscription is Forty Shillings, post free, and is payable in advance

8. Single copies of back numbers, both of the present and the previous series, are on sale at Four Shillings each.

9. An Annual Subscription can be commenced with any number of the Journal, and the preceding numbers of the current year can be purchased at Four Shillings each.

## UNITED STATES OF AMERICA

Orders for this Journal, for single parts or yearly subscriptions, can be sent either through a local bookseller, or to Messrs G. E. STECHERT & CO., 31-33 East 10th Street, New York.

### CHEVALIER JACKSON'S INSTRUMENTS FOR ŒSOPHAGOSCOPY, LARYNGOSCOPY, AND BRONCHOSCOPY

New Models as made for Walter G. Howarth, F.R.C.S.

Each Instrument is made in accordance with the details of Chevalier Jackson's most recent models, and each is supplied with a *spare light carrier*, i.e., 2 light carriers and 2 lamps. All the models have been redesigned with a view to rendering them more easily cleansed; all the crevices and corners for the dirt have been taken away.

To ensure better visibility the tips of the forceps are *black*.

The Howarth-Jackson's Instruments are **less expensive than other American or English models**, and a further economy has been effected by rendering the instrument tips interchangeable, thus reducing the number of forceps handles and tips required.

The lamps are 2.5 volt and more durable than the usual models.

*Manufactured only by*

## DOWN BROS., L<sup>TD</sup>.

SURGICAL INSTRUMENT MAKERS

21 and 23 ST THOMAS'S STREET

LONDON, S. E. 1

(Opposite Guy's Hospital)

Telegrams—"DOWN, LONDON."

Telephone—HOP 4400 (4 lines).

*Second Impression. Demy 8vo, 424 pp. With 222 Text Illustrations and 12 Plates, of which 8 are in Colour. 20s. net, Postage 9d.*

## DISEASES OF THE NOSE, THROAT, AND EAR

**For Practitioners and Students**

Edited by **A. LOGAN TURNER, M.D., F.R.C.S.(Ed.)**  
*Senior Lecturer on Diseases of the Ear, Nose, and Throat, University of Edinburgh*  
*With the collaboration of*

**J. S. FRASER, M.B., F.R.C.S. (Ed.)**      **J. D. LITHGOW, M.B., F.R.C.S. (Ed.)**  
**W. T. GARDINER, M.C., M.B., F.R.C.S. (Ed.)**      **G. EWART MARTIN, M.B., F.R.C.S. (Ed.)**  
and **DOUGLAS GUTHRIE, M.D., F.R.C.S. (Ed.)**

“The illustrations are many and good, the book is well balanced and clearly written and may confidently be recommended for the use of students and practitioners.”—*Lancet*.

“Will prove of the greatest value to students and indeed to those devoting themselves to the speciality.”—*Journal of Laryngology and Otology*.

*Demy 8vo, 272 pp. 15s. net, Postage 6d.*

### ASTHMA

By **FRANK COKE, F.R.C.S.**

With Frontispiece in colour illustrating the  
Dermal Reactions, and other illustrations.

Contains a consideration of 350 cases of asthma examined and treated in the light of the new work that has been accomplished on this subject during the last few years.

“Brightly written, and shows evidence of much practical experience and a knowledge of the literature.”—*British Medical Journal*.

*Second Fully Revised English Edition. Demy 8vo., 362 pp. 589 Illustrations. 17s. 6d. net, Post. 6d.*

### OTO-RHINO-LARYNGOLOGY

For the Student and Practitioner.

By **Dr GEORGES LAURENS**

Authorised Translation of the Fourth Fully  
Revised French Edition.

By **H. CLAYTON FOX, F.R.C.S., Late Aural  
Surgeon, Ministry of Pensions, London Area.**

“Full of sound points and diagrammatic illustrations, many of which are of great practical value.”—*Lancet*.

Telegrams: "Bandage, Edinburgh," A.B.C. Code, 5th Ed.

**Familiarity breeds Admiration**

**T**HE more you know about this new Sorensen Anæsthetizing Apparatus the more you admire it; for it renders unsurpassable service for all uses of pressure or suction, because—

—its pump has two cylinders for pressure, and two for suction. No air-intercommunication between them; no possibility of contaminating the pressure cylinders.

—it has the new Sorensen Snap-fit Bottle Holder, which takes a simple form of bottle and holds it airtight without screws or clamps. Instantly removed and replaced.

—either pressure or suction may be applied direct (cutting out the bottle) without any change in tube connections, but by simply turning the control valve.

—it has electric heater for warming the ether vapour.

—it is completely self-contained, always ready and dependable for use anywhere in the hospital.

And your admiration will increase when you read of its many other valuable features in the folder. May we mail you that?

# The 'Allenburys' PASTILLES

## Glycerine and Black Currant Pastilles

*Delicate in flavour. Efficient in use.*

They are manufactured from pure glycerine and the fresh juice of choice ripe black currants by a special process which conserves the full value and flavour of the fruit. The 'Allenburys' Glycerine and Black Currant Pastilles have a demulcent and mildly astringent effect, most useful in allaying simple irritations of the throat. They dissolve slowly and uniformly, and have a delicious and slightly acidulous flavour.

Supplied in metal boxes containing 2 ozs., 4 ozs., 8 ozs., and 1 lb. respectively.

## The 'Allenburys' Medicated Pastilles

may be relied upon to present the accurate amounts of the active ingredients and to be thoroughly effective in use. They dissolve slowly and uniformly, ensuring a thorough suffusion of the medicament over the mucous membrane. 81 varieties of the 'Allenburys' Medicated Pastilles are manufactured.

*Descriptive Booklet and Price List sent on request to members of the Medical Profession.*

Packed in original tin boxes containing 3 ozs., 8 ozs., and 1 lb. respectively.
