Managing Editor

Norman Noah, London School of Hygiene and Tropical
Medicine, UK

Epidemiology and Infection publishes original reports and reviews on all aspects of infection in humans and animals. Emphasis is given to the epidemiology, prevention and control of infectious diseases, but coverage includes microbiology, virology, immunology, tropical infections, food hygiene, statistics and the clinical, social and public-health aspects of disease.

Editor

Ian Turner, Winchelsea, UK

Journal of Tropical Ecology publishes papers in the important and now established field of the ecology of tropical regions, either arising from original research (experimental or descriptive) or forming significant reviews. The journal provides a platform for the dissemination of information on all aspects of tropical communities and ecosystems.
